REPORT OF THE BOARD OF REGISTRARS

The following elections and town meetings were held:

State Election, January 19, 2010
Annual Town Meeting, March 27, 2010
Annual Town Election, April 10, 2010
Special Town Meeting, June 14, 2010
State Primary, September 14, 2010
State Election, November 2, 2010
Special Town Meeting, November 15, 2010

The Annual Listing of Persons seventeen years of age and older as per General Laws, Chapter 51, Section 4 was conducted by mail during January. Any citizen of the United States who is a Massachusetts resident and who will be 18 years old on or before a town meeting or Election Day may register to vote. There is no waiting period to be eligible to register to vote, if you move, you may register to vote as soon as you move into your new home. Registration is closed for a brief period before town meeting and election to allow election officials time to prepare the voting lists. If you register during a "closed" period, you will be eligible to vote only in later town meeting or elections. You must be registered twenty days before all primaries and elections, and ten days before a special town meeting.

Respectfully submitted,

Margaret Charles, Chairwoman
Marion Douglas, Clerk
Edythe Ford
Judith P. Volungis

2010 ANNUAL REPORT OF THE BOARD OF SELECTMEN

State of the Economy:

As the national economic downturn continues, Town revenues also continue to shrink due to declines in excise tax receipts, new construction, and state aid. Due to cautious budgeting and careful stewardship of available funds, the Town has been able to maintain services and stay within Prop 2 ½ mandates.

The unexpected use of free cash and stabilization funds to underwrite the deficits of the Water Enterprise Fund has severely depleted the Town's resources and precluded its ability to absorb emergency costs and unexpected expenses. As a result reductions in other department budgets are required to balance FY11.

While not unique to Cohasset, unfunded pension and health care liability is one of the biggest issues affecting our fiscal stability. As recommended by the Town auditor, a plan needs to be established to consistently fund our actuarially required annual pension contribution.

Also of concern is our long-term bond obligation that is currently at about 20% of the budget. The annual principal and interest payment is projected to be over \$7million each year for the next several years. Deliberate attention must be paid to any future long-term debt and its affect on the Town's debt ratio.

The Board thanks our Town employees for their cooperation and dedication during these difficult times.

New Chief of Police Sworn In:

Subsequent to a search conducted in late 2009, and consistent with the recommendation of the Town Manager and the Search Committee, Mark DeLuca was approved by unanimous vote of the Board as Chief of Police in January. At the February 1 Selectmen's meeting, Town Clerk, Marion Douglas, swore in the new Police Chief in a room full of members of the Cohasset Police Department and Chief's family and friends. Chief DeLuca addressed the audience saying it was an honor to have been hired.

The Board of Selectman also thanked Chief Brian Noonan for his service as Interim Police Chief.

Water Enterprise Fund Deficit:

The Water Enterprise Fund deficit was the predominate issue in calendar year 2010. As a result of the lateness of the disclosure coupled with the extent of the deficit and the uncertainty as to the reliability of the accounting, the Board voted to remove the Water Enterprise Fund from the FY11 Budget presented at the 2010 Annual Town Meeting for consideration at a Special Town Meeting in June.

The Water Planning Group, comprised of representatives from the Board of Selectmen, Advisory Board, Capital Budget, Water Commission and citizens was appointed in March and

charged with investigating the revenue and expenditure issues and making recommendations prior to the Special Town Meeting.

The June Special Town Meeting transferred \$335,000 from the Town's Stabilization Fund to the Water Enterprise Fund to provide an additional source of funds to meet the FY10 Water Department appropriations as voted at the 2009 Annual Town Meeting. Town Meeting also voted to a) amend the schedule of water rates approving major increases in the fixed quarterly charge and usage charges in order to meet the FY11 Water Department budget and b) appropriated \$300,000 to fund capital improvement projects requested by the Water Commission. Additionally, Town Meeting amended Article 19 of the 2003 Annual Town meeting by adding the following words to the end of said motions: "to be managed jointly by the Board of Water Commissioners and the Town Manager".

In June, the Board voted to authorize an audit for the water and sewer enterprise funds starting with the calendar year 2004, including Town Meeting articles, the governance and structure of the department and the operating budget beginning with FY08. The Advisory Board's Reserve Fund funded the audit. [The Water and Sewer Enterprise Funds will be charged back for this cost in the FY12 budget.] An RFP was issued and the contract awarded to Melanson and Health. [Due to unanticipated difficulty in obtaining documentation, the audit took longer than expected: presented on January 25, 2011 the audit is available in its entirety on the town website.]

Water Commissioner John McNabb, Jr. resigned and in August Peter DeCaprio was appointed to fill the slot.

The November Special Town Meeting voted to decrease the Water Enterprise budget and increase the Fire Department budget by appropriating \$247,000 from the Town's taxation and revenues, free cash (surplus revenue), and general operating accounts to fund the Fire Prevention Fee.

During the course of the audit, a Bond Anticipation Note for water and sewer projects came up for renewal. \$150,000 was transferred from the Water Enterprise Fund debt appropriation to remedy operating expenses misappropriated as capital expense and charged against the bond. This action allowed the bond issuance.

Town Manager and Finance Director Resign:

In September, the Town Manager, William Griffin, and Finance Director, Michael Buckley, resigned. The Board agreed to hire a professional Interim Town Manager and that due to Mr. Griffin's imminent departure date, the Board would make the appointment. Steve Lombard was appointed Interim Town Manager in October.

The Board decided the new Town Manager should hire the new Finance Director, however, it quickly became apparent that it was impossible to function effectively without an Interim Finance Director and Mr. Lombard engaged the services of an independent accountant while

conducting a search for the permanent Finance Director. [John Stanbrook was hired as Finance Director in January 2011.]

The Board requested Mr. Lombard continue to serve as Interim Town Manager until after the 2011 Annual Town Meeting. They decided the services of a professional consultant were required to assist in the search and screening process for the permanent Town Manager. An RFP was issued. [Tom Groux of Groux & Associates was hired and the Screening Committee was appointed in March 2011.]

Other Milestones

Two large commercial developments, **Avalon and Old Colony Square**, completed the LIP application process and their regulatory agreements were approved and signed by the Board. Each development has an affordable component and with the addition of these units, the Town will be in compliance with the State 40B requirement until the next census in 2020.

With the completion of the **Little Harbor Sewer Project**, the 2010 Annual Town Meeting set the betterment rate at 2.25% [2% for the SRF/.25% for Town administration].

The Open Space and Recreation Committee submitted the revised **Open Space and Recreation Plan** to the Executive Office of Energy and Environmental Affairs. Approval of this plan makes the Town eligible to apply for grant opportunities. Once accepted by the EOEEA, the Plan is valid until 2017.

The Water Commission holds a public forum on **Water Quality** in January to address growing concern in the community about the color, taste and safety of our drinking water. Representatives from the EPA and DEP were in attendance.

In January, the Board appointed the **Stormwater Advisory Committee**. The Committee is charged with conducting public education, providing opportunities for public discussion, conducting surveys of flood prone areas, seeking grants and providing assistance to the Town Manager in preparing required regulatory reports. In May the Committee held a public meeting.

In May local **Astronaut Stephen Bowen** took a Cohasset Town Flag into space. [It will be returned in May 2011 to the Town and displayed in a prominent location.]

In June, the Council on Aging achieved a landmark in the **New Senior Center Project** with the Board's approval of submission of a Home Rule Petition to allow an exchange of land between the Cohasset Swim Center and the Town. This swap, approved at the 2009 Annual Town Meeting, allows for adequate land on which to site the proposed Senior Center.

After nearly five years of discussion, the Board voted in August to reject the Army Corps of Engineers Saltwater Restoration Project proposed for **Treats Pond**. Still unresolved are the

Town's rights and obligations under the Bigelow Easement. Approximately 3 ½ years remain on the 5-year access license.

In August, the Harbor Master was informed that the Army Corps of Engineers received funding to begin the sampling and testing required for the **dredging of the entrance of the channel and the inner Harbor channel**. If the testing is successful, environmental permits will be sought and federal funding will need to be secured for plans, specifications and the dredging.

The Water Commission came before the Board in August and subsequently conducted a public hearing seeking approval for an **access road to the Bear Hill water tanks** for installation of AT&T cell antennas. [After a second public hearing and much discussion, approval was granted in March 2011.]

The 2009 Annual Town Meeting authorized funding of a Notice of Intent and Operating & Management Plan for **Cat Dam**. In September 2010, the NOI was submitted to the Conservation Committee. In November abutters to Cat Dam petitioned the Selectmen to withdraw the CLE NOI and replace it with an NOI paid for and prepared by the citizen group. The petition was granted by a majority vote of the Board, the new NOI submitted in December and is currently in the permitting phase before ConCom.

In November, Town Counsel presented a seminar to Town officials and employees to ensure we understand and are in compliance with the Attorney General's revisions to the **Open Meeting Law**.

JFK Systems submits an **Information Technology Master Plan** in November and is reviewed by the Town Manager and the Capital Budget Committee. [The first phase of the implementation will be voted at this Annual Town Meeting.]

Five years in the making, the **James Brook Culvert Rehabilitation/Tide Gate Installation and Jacobs Meadow Salt Marsh Restoration Project** is permitted in December. [Completion of the project is projected for June 2011.]

The **Cohasset Girls Basketball** team competes at Boston Garden in March and wins the State Championship! In June the **Cohasset La Crosse and Baseball** teams win their respective State Championships!

Many challenges face us in the coming year that will require strong leadership and a citizenry that is actively involved in Town governance. I close with a favorite quote: "Whenever the people are well informed, they can be trusted with their own government; that whenever things get so far wrong as to attract their notice, they may be relied on to set them to rights." - Thomas Jefferson

**ANNUAL REPORT
REPORT OF TOWN COUNSEL
2010**

This year was a very active and successful year for the Law Department:

- 1. Advice & Legal Documents.** Numerous advisory opinions were rendered throughout the year to various Town officials and Boards relating to a wide variety of issues and subjects. Frequent and ongoing attention was given to reviewing and/or drafting Bylaws, numerous contract documents and agreements, easements, procurement documents, public road documents, Warrants for Town meetings (including two special town meetings and the annual town meeting), compliance with State Ethics Act, Open Meeting Law, public records requests, various Town rules and regulations (including new/revised subdivision regulations and Wind Turbine issues), subdivision control issues for proposed developments, ballot questions, and other legal documents. During the year, the Commonwealth's newly revised open meeting law and new open meeting regulations from the Attorney General's office took effect, and we undertook a variety of steps to provide training to the town on the new requirements, including a presentation to town officials of an open meeting law seminar
- 2. Administrative Agency Proceedings.** The Town was involved with a number of state or federal administrative agencies, including issues before Department of Environmental Protection, Alcohol Beverage Control Commission, Attorney General of the Commonwealth, Lottery Commission (Keno Licenses), Secretary of State's Public Records Office, and the Army Corps of Engineers.
- 3. Projects.** We assisted with issues related to Wind Energy, storm water management and flood control issues, the Community Preservation Act, various road issues, Little Harbor/Atlantic Avenue sewer expansion, the Avalon, Village Business and T.O.D. proposals, the Cook Estate/Abbott Development issues, Central Cohasset Sewer Treatment Plant Expansion Project issues, licensing issues, artificial turf at Alumni Field, the proposed senior center, the MBTA Greenbush line, 40B Comprehensive Permit issues, affordable housing issues, Comcast and Verizon Cable Television licenses, various environmental regulatory issues involving Cat Dam, Treats Pond, and Jacobs Meadow, enforcement procedures for various town agencies, regionalization of public safety dispatching, municipal harbor plan questions, town manager transition issues, possible sports complex, triathlon issues, and acquisition of watershed properties to protect the town's water supply.

4. **Labor Issues.** We assisted the Town in general employee matters and in connection with employee grievances, labor arbitrations and retirement issues. We also provided advice from time to time during the year regarding the interpretation and application of collective bargaining agreements and the processing of grievances. In addition, several non-union personnel issues, including possible disciplinary proceedings, occurred during this year. The Town entered into an Inter-Municipal Agreement with the Towns of Hingham, Norwell and Hull to form a regional dispatch center in Hingham. We have been working with labor counsel from the other Towns to bargain with the various unions over the labor issues involved in moving to a regionalized dispatch center.

5. **Litigation.** As of December 31, 2010, the number of claims and lawsuits in which the Town is a party total 23 as follows:

- **1 Matter involving the Board of Selectmen/Town Manager:**
Commonwealth of Massachusetts v. Town of Cohasset, Suffolk Superior Court, C.A. No. 38652.
- **12 Matters involving the Board of Appeals:**
Chief Justice Cushing Highway Corporation v. Cohasset Board of Appeals, Mass. Land Court No. 243862.
Morrissey v. Cohasset Board of Appeals, Mass. Land Court No. 263788.
Schramm v. Cohasset Board of Appeals, et al., Norfolk Superior Court C.A. No. 2007-01700.
Schramm v. Cohasset Board of Appeals, et al., Norfolk Superior Court, C.A. No. 2008-00031.
McNary v. Cohasset Board of Appeals, et al., Mass. Land Court Misc. No.: 394047.
Vainisi v. Cohasset Board of Appeals, et al., Land Court C.A. No.: 2009 MISC 404954.

REPORT OF THE TOWN CLERK 2010

On January 19th a Special State Election was held due to the passing of Senator Kennedy. In addition to our regularly scheduled town meetings and elections we had an extra Special Town Meeting on June 14th.

After many years, the vital records bill passed the legislature in September. The first phase of the Vitals Information Partnership (VIP) will be a web-based vitals registration and statistics systems for births, and eventually deaths and marriages. The birth module is expected to be complete in January and early February. Clerks throughout the Commonwealth will be able to register, amend, issue and enter new and delayed birth certificates. Also, birth records and amendments created from 1987 will be forwarded into the system. At this time, the system will only allow records from your community, but in the future issuance may be state-wide. Of course, the ideal vital record system would be the same system, same certificates, and same regulations for all the states – but to have the same forms and access for all the cities and towns is a huge step forward.

Also, new election laws allow military and overseas voters in Massachusetts to vote absentee in elections by using the Federal Write-In Absentee Ballot (FWAB). After voting the FWAB, the voter may submit it by mail or electronically. By emailing or faxing the voted FWAB, the voter waives the right to the secrecy of the ballot and signs and dates a statement indicating this.

In addition, I am again planning to submit an application to the Community Preservation Committee for further funding for additional restoration and shelving for our vault. I appreciate all the support I have received on this long term project.

It is certainly with mixed emotions that after serving as Town Clerk for nineteen years, I have decided not to seek re-election in 2011. I appreciate the confidence the town has had in me and the opportunity to see how municipal government is run - our town in particular - and to move forward to the computer age and beyond. While working here I have met so many wonderful people. The Town of Cohasset is a beautiful place. I have been able to view Cohasset Common and see the children skating, the artists painting, the farmer's market, dog shows, exercise classes and so much more and to be only minutes away if my family needed me.

As always, I would like to thank all town officials, department heads, town employees, election workers, committees and the citizens of Cohasset. Without them I could not have done my job. Special appreciation goes to Frances L. Marks, former Town Clerk, Jacquelyn R. McGuire my former assistant from 1992 to 1999, and to Carol L. St Pierre who has been my assistant since 1999.

Respectfully submitted,
Marion L. Douglas

And \$32,088,532 is raised from taxation and other general revenues of the Town; and further that the Salary Rate and Schedule as printed in the Warrant and shown in Appendix B be adopted.

A 2/3's vote required. Motion adopted unanimously.

At this time Representative Garrett Bradley was recognized.

Article 4: Union Contracts & Other Salary Adjustments

To see if the Town will vote to raise and appropriate borrow pursuant to any applicable statute, and/or transfer from available funds, a sum or sums of money, to be expended by the Town Manager, to fund the FY09 and FY10 cost items of a collective bargaining agreement between the Town, represented by the Board of Selectmen, and the Fire Department employees represented by Local 2804, Cohasset Permanent Firefighters, in accordance with Chapter 150E of the General Laws, and to fund salary adjustments for non-union and employees with individual employment contracts.

MOVED that the Director of Finance be authorized to expend Forty Seven Thousand Dollars (\$47,000) already appropriated in Article 2 of the November 17, 2008 Special Town Meeting to fund the FY09 cost items of the collective bargaining agreement between the Town and the Fire Department employees represented by Local 2804, Cohasset Permanent Firefighters.

Motion adopted unanimously.

Commendation offered by Agnes McCann, Library Trustee for Barbara Power.

COMMENDATION

Whereas: Barbara Power was a key founder of the Friends of the Cohasset Library, Inc, in the late 1960s, and chose to demonstrate her passion for Cohasset's library by running for election as a Library Trustee;

Whereas: In 1972, she was elected a Library Trustee and has since served with distinction and significant leadership for 38 years;

Whereas: on becoming a Trustee, Barbara Power agreed to serve on the Building Committee of the Trustees that took responsibility for the renovation of the 1903 Paul Pratt Memorial Library Building, which renovation added 8,000 square feet of usable space to the old library;

Whereas: Barbara Power exhibited outstanding leadership during her years of service as Chair of the Library Trustees in the 1980s;

Whereas: Barbara Power, with characteristic loyalty and enthusiasm, in the year 2000 joined the Trustees' Building Committee for the renovation of the old Joseph Osgood School into the beautiful and functional library that Cohasset is proud of today, and in so doing added her very valuable contributions regarding aesthetics and practicality to that effort, which are well and gratefully remembered to this day by the Trustees who served on the five-member committee with her;

Whereas: When the present library opened in 2003, Barbara Power assumed cheerful responsibility for creating and maintaining the display case on the wall near the entrance to the Children's Room;

Whereas: For 38 years Barbara Power has brought her wisdom and common sense to Trustees' meetings on a monthly basis, frequently delivered with the added benefit of her incomparable sense of humor;

Whereas: Barbara Power's participation as a Trustee has, for almost four decades, been a substantial factor in the outstanding management of Cohasset's library, by virtue of her incisive judgment, personal warmth, and steady devotion to the library's mission;

Whereas: Barbara Power was the ultimate authority for 38 years on all Library decisions relating to trees, wreaths, plantings and flowers;

Now, therefore, be it resolved that the citizens of Cohasset here assembled do thank Barbara Power heartily for her long and loving service to the Library and this Town, this twenty-seventh day of March, 2010.

Commendation adopted unanimously.

Commendation offered by Samuel W. Wakeman Chair of Advisory Committee for Merle S Brown.

COMMENDATION

WHEREAS, since Merle S. Brown has lived in Cohasset, he has had a strong ongoing interest in the public affairs of the Town having served as selectman and been involved in numerous town activities.

WHEREAS Merle S. Brown was appointed to the Advisory Committee in 2004 and has been a dedicated member for the past 6 years.

WHEREAS such dedication and service to the Town can not come without great sacrifice to personal matters and family life: and

WHEREAS, the Advisory Committee now recommends this Unanimous Motion for Commendation to Merle S. Brown.

NOW THEREFOR BE IT RESOLVED that the Citizens of Cohasset, assembled at Annual Town Meeting hereby acknowledge and affirm their appreciation to Merle S. Brown for his many years of service to the Town of Cohasset.

GIVEN under our hands and the seal of the Town of Cohasset on this twenty-seventh day of March in the year Two Thousand Ten.

Commendation adopted unanimously.

Article 5: Amend Purposes of Capital Stabilization Fund

To see if the Town will vote to amend the purposes of the Capital Stabilization Fund established by vote of the town pursuant to Article 9 of the 2008 Annual Town Meeting to broaden the purposes for which the Capital Stabilization Fund can be used to include transfers into the Advisory Committee's Reserve Fund to reimburse such Reserve Fund for emergency capital expenditures funded via Reserve Fund transfers during the course of the year, and further to see if the town will vote to transfer a sum of money from such Capital Stabilization Fund to the FY 2010 Reserve Fund to reimburse such Reserve Fund for any such emergency capital expenditures during FY 2010.

MOVED that the purposes of the Capital Stabilization Fund established by vote of the town pursuant to Article 9 of the 2008 Annual Town Meeting be hereby amended to broaden the purposes for which the Capital Stabilization Fund can be used to include transfers into the Advisory Committee's Reserve Fund to reimburse such Reserve Fund for emergency capital expenditures funded via Reserve Fund transfers during the course of the year, and further that the town transfer the sum of Twenty Five Thousand Dollars (\$25,000) from the Capital Stabilization Fund to the FY 2010 Reserve Fund to reimburse such Reserve Fund for any such emergency capital expenditures during FY 2010.

A 2/3's vote required. Motion adopted by the required 2/3's.

Article 6: Capital Stabilization Fund

To see if the Town will vote to raise and appropriate, transfer from available funds and/or borrow pursuant to any applicable statute a sum of money to be deposited into the Capital Stabilization Fund.

MOVED that the sum of Four Hundred Ten Thousand Four Hundred Thirty Two Dollars and Seventy Seven Cents (\$410,432.77) be appropriated for deposit into the Capital Stabilization Fund; and to meet this appropriation, Three Hundred Fifty Five Thousand Dollars (\$355,000) be raised and appropriated from taxation and other general revenues of the Town, and the sum of Fifty Five Thousand Four Hundred Thirty Two Dollars and Seventy Seven Cents(\$55,432.77) be transferred from the unexpended balance of the following prior appropriations, reducing such prior appropriations to zero dollar balances:

Town Meeting	Article	Purpose	Amount
December 5, 2005	16	Beechwood Street Sidewalk	\$ 6,311.63
November 13, 2007	2	Ambulance Repair	\$ 9,460.44

March 28, 2009	6	Police Communications	\$18,717.70
March 28, 2009	6	DPW Loader Repair	\$ 3,300.00

A 2/3's vote required. Motion adopted unanimously.

Article 7: Capital Improvements Budget

To see if the Town will vote to raise and appropriate, transfer from available funds or borrow pursuant to any applicable statute, a sum of money to fund various capital improvements, capital projects and/or capital equipment for the various departments, boards, commissions and agencies of the town.

MOVED that the subject matter of this article be indefinitely postponed.

Motion adopted unanimously.

Article 8: Community Preservation Committee

To see if the Town will vote to adopt and approve the recommendations of the Community Preservation Committee for Fiscal Year 2011, and to see if the Town will vote to implement such recommendations by appropriating a sum or sums of money from the Community Preservation Fund established pursuant to Chapter 44B of the General Laws, and by authorizing the Board of Selectmen, with the approval of the Community Preservation Committee to acquire, by purchase, gift or eminent domain such real property interests in the name of the Town, or enforceable by the Town, including real property interests in the form of permanent affordable housing restrictions and historical preservation restrictions that will meet the requirements of Chapter 184 of the General Laws, as may be necessary or proper to carry out the foregoing.

MOVED THAT:

A:

That Fiscal Year 2011 revenues to the Community Preservation Fund be divided to the following sub accounts to be administered by the Community Preservation Committee as follows:

Historical Resources Sub Account	(10%)	\$ 35,690 (approximately)
Open Space Sub Account	(10%)	\$ 35,690 (approximately)
Community Housing Sub Account	(10%)	\$ 35,690 (approximately)
Total Budget		\$107,070

B:

That Thirty-Six Thousand Seven Hundred Twenty-Nine (\$36,729) be transferred from the Community Preservation Fund Open Space Sub Account to be expended by the Town Manager for payment of debt service for the project approved under Article 12 (Recommendation E) of the 2004 annual town meeting (open space land acquisition).

C:

The motion voted by the town with respect to "E" of Article 7 of the 2007 Annual Town Meeting of March 31, 2007 be hereby rescinded (acquisition of a portion of the Ozzie Ingram property).

Motion (A-C) adopted unanimously.

MOVED THAT:

D:

Fifteen Thousand Dollars (\$15,000) be transferred from the Community Preservation Fund Historical Resources Sub Account and Thirty-Five Thousand Dollars (\$35,000) be transferred from the Community Preservation Fund Discretionary Sub Account for a Total of Fifty Thousand Dollars (\$50,000), which funds are to be expended by the Town Manager for the purposes of rehabilitation and restoration of the Cohasset Historical Society's (former) Paul Pratt Memorial Library to rehabilitate the heating system including the replacement of the boiler and all other related work, provided, however, that the project will be supervised by the Community Preservation Committee and the Town Manager. The Cohasset Historical Society must receive the Community Preservation Committee's and Town Manager's pre-approval before performing any work item and/or entering into any contract(s) for the work. Invoices for all work performed shall be submitted to the Community Preservation Committee and Town Manager for approval and subject to their inspection (or that of their agents) for all work performed. All payments shall be made by the Town directly to the vendor.

All work must comply with the requirements of the Community Preservation Act (G. L. ch. 44B, Section 2 "rehabilitation" or any other applicable law). All work must be performed in accordance with the U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties codified in 36 C.F.R. Part 68.

The Board of Selectmen is hereby authorized to acquire in return for such sum a historic preservation restriction in compliance with Chapter 184 of the General Laws.

A 2/3's vote is required. Motion adopted unanimously.

MOVED THAT

E:

Twelve Thousand Three Hundred Dollars (\$12,300) be transferred from the Community Preservation Fund Housing Sub Account, to be expended by the Town Manager, for the purposes of making improvements to the Cohasset Housing Authority's 60 Elm Street Apartment Complex; specifically, to purchase and install GFCI electrical outlets in the kitchens and bathrooms of each apartments and all other related work.

F:

QUESTION 1: Law Proposed by Initiative Petition

Sales Tax on Alcoholic Beverages

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

SUMMARY

This proposed law would remove the Massachusetts sales tax on alcoholic beverages and alcohol, where the sale of such beverages and alcohol or their importation into the state is already subject to a separate excise tax under state law. The proposed law would take effect on January 1, 2011.

A YES VOTE would remove the state sales tax on alcoholic beverages and alcohol where their sale or importation into the state is subject to an excise tax under state law.

A NO VOTE would make no change in the state sales tax on alcoholic beverages and alcohol.

QUESTION 2: Law Proposed by Initiative Petition Comprehensive Permits for Low- or Moderate- Income Housing

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

SUMMARY

This proposed law would repeal an existing state law that allows a qualified organization wishing to build government-subsidized housing that includes low- or moderate-income units to apply for a single comprehensive permit from a city or town's zoning board of appeals (ZBA), instead of separate permits from each local agency or official having jurisdiction over any aspect of the proposed housing. The repeal would take effect on January 1, 2011, but would not stop or otherwise affect any proposed housing that had already received both a comprehensive permit and a building permit for at least one unit.

Under the existing law, the ZBA holds a public hearing on the application and considers the recommendations of local agencies and officials. The ZBA may grant a comprehensive permit that may include conditions or requirements concerning the height, site plan, size, shape, or building materials of the

housing. Persons aggrieved by the ZBA’s decision to grant a permit may appeal it to a court. If the ZBA denies the permit or grants it with conditions or requirements that make the housing uneconomic to build or to operate, the applicant may appeal to the state Housing Appeals Committee (HAC).

After a hearing, if the HAC rules that the ZBA’s denial of a comprehensive permit was unreasonable and not consistent with local needs, the HAC orders the ZBA to issue the permit. If the HAC rules that the ZBA’s decision issuing a comprehensive permit with conditions or requirements made the housing uneconomic to build or operate and was not consistent with local needs, the HAC orders the ZBA to modify or remove any such condition or requirement so as to make the proposal no longer uneconomic. The HAC cannot order the ZBA to issue any permit that would allow the housing to fall below minimum safety standards or site plan requirements. If the HAC rules that the ZBA’s action was consistent with local needs, the HAC must uphold it even if it made the housing uneconomic. The HAC’s decision is subject to review in the courts.

A condition or requirement makes housing “uneconomic” if it would prevent a public agency or non-profit organization from building or operating the housing except at a financial loss, or it would prevent a limited dividend organization from building or operating the housing without a reasonable return on its investment.

A ZBA’s decision is “consistent with local needs” if it applies requirements that are reasonable in view of the regional need for low- and moderate-income housing and the number of low-income persons in the city or town, as well as the need to protect health and safety, promote better site and building design, and preserve open space, if those requirements are applied as equally as possible to both subsidized and unsubsidized housing. Requirements are considered “consistent with local needs” if more than 10% of the city or town’s housing units are low- or moderate-income units or if such units are on sites making up at least 1.5% of the total private land zoned for residential, commercial, or industrial use in the city or town. Requirements are also considered “consistent with local needs” if the application would result, in any one calendar year, in beginning construction of low- or moderate-income housing on sites making up more than 0.3% of the total private land zoned for residential, commercial, or industrial use in the city or town, or on ten acres, whichever is larger.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would repeal the state law allowing the issuance of a single comprehensive permit to build housing that includes low- or moderate-income units.

A NO VOTE would make no change in the state law allowing issuance of such a comprehensive permit.

QUESTION 3: Law Proposed by Initiative Petition

Sales and Use Tax Rates

Do you approve of a law summarized below, on which no vote was taken by the Senate or the House of Representatives before May 4, 2010?

SUMMARY

This proposed law would reduce the state sales and use tax rates (which were 6.25% as of September 2009) to 3% as of January 1, 2011. It would make the same reduction in the rate used to determine the amount to be deposited with the state Commissioner of Revenue by non-resident building contractors as security for the payment of sales and use tax on tangible personal property used in carrying out their contracts.

The proposed law provides that if the 3% rates would not produce enough revenues to satisfy any lawful pledge of sales and use tax revenues in connection with any bond, note, or other contractual obligation, then the rates would instead be reduced to the lowest level allowed by law.

The proposed law would not affect the collection of moneys due the Commonwealth for sales, storage, use or other consumption of tangible personal property or services occurring before January 1, 2011.

The proposed law states that if any of its parts were declared invalid, the other parts would stay in effect.

A YES VOTE would reduce the state sales and use tax rates to 3%.

A NO VOTE would make no change in the state sales and use tax rates.

QUESTION 4: This Question is Not Binding

Shall the state representative from this district be instructed to vote in favor of legislation that would allow patients, with the written recommendation of their doctor or other registered caregiver, to possess and grow marijuana for the patient's medical use?

It was unanimously voted to dispense with the reading of the call of the Meeting and Return of Service having been examined by the Moderator and found to be in order.

Citizens recited the pledge of allegiance.

ARTICLE 1: AMENDMENTS TO FISCAL 2011 OPERATING BUDGET

To see what additional action the Town will vote to amend, modify, increase or decrease, or otherwise, to balance the Fiscal Year 2011 Operating Budget as voted in Article 3 of the March 27, 2010 Annual Town Meeting and Article 7 of the June 14, 2010 Special Town Meeting (Water Enterprise Budget), including proposed revised appropriations and any additional sums the Town will vote to raise and appropriate, borrow pursuant to any applicable statute, or transfer from available funds or otherwise, for the payment of the salaries and compensation, expenses, equipment, and outlays, capital and otherwise, of the several Town departments, for the current fiscal year, or take any other action related thereto.

MOVED that the Town of Cohasset Fiscal Year 2011 General Operating Budget as voted in Article 3 of the March 27, 2010 Annual Town Meeting and that the Cohasset Water Department Enterprise Budget as voted Article 7 of the June 14, 2010 Special Town Meeting be amended by increase or decrease or otherwise, to balance the budget for FY 2011, as follows:
Town of Cohasset FY 2011 General Operating Budget: Two Hundred Forty Seven Thousand Dollars (\$247,000) is hereby appropriated to add to and increase the amounts voted pursuant to Article 3 of the March 27, 2010 Annual Town Meeting appropriation for the Fire Department, for a Fire Department Fire Prevention Fee, establishing a new total appropriation for the Fire Department of \$2,193,568 thereby increasing the total amount appropriated for the town of Cohasset FY 2011 General Operating budget to a new total of \$34,938,820 (being the existing total plus \$147,000) and to fund such appropriation Forty Seven Thousand Dollars (\$47,000) be raised from taxation and other general revenues of the Town, that One Hundred Thousand Dollars (\$100,000) be transferred from Free Cash (Surplus Revenue) in the Treasury of the town, and that One Hundred Thousand Dollars (\$100,000) be transferred from the following General Operating accounts as follows:

<u>Appropriation/Account</u>	Original	Proposed	
	Revised <u>Appropriation</u>	<u>Appropriation</u>	<u>Decrease</u>
Town Manager General Expenses	\$43,400	\$33,400	(\$10,000)
Dept. of Public Works Other Appropriations	\$388,000	\$368,000	(\$20,000)
Health Insurance General Expenses	\$2,786,400	\$2,726,400	(\$60,000)
Property & Liability General Expenses	\$231,000	\$221,000	(\$10,000)

Water Department Enterprise Budget: And further Moved that the total amount appropriated pursuant to Article 7 of the June 14, 2010 Special Town Meeting for the Water Department's appropriation is hereby reduced by the amount of Fifty Three Thousand Dollars (\$53,000) from the amount previously voted of \$4,682,109 to a new total of \$4,629,109. and that a corresponding reduction be made to the Water Department Debt Service line item as a result of the decrease listed below:

<u>Appropriation/Account</u>	Original	Proposed	Revised
	<u>Appropriation</u>	<u>Appropriation</u>	<u>Decrease</u>
Water Department Debt Service	\$2,969,437	\$2,916,437	(\$53,000)

And further,

That the revenue sources voted to be applied to meet the appropriations for the Water Department Budget for Fiscal 2011 as voted pursuant to Article 7 of the June 14, 2010 Special Town Meeting be hereby increased by the sum of Two Hundred Forty Seven Thousand Dollars (\$247,000) to be paid from the Fire Department budget for Fire Prevention Fees.

Motion adopted unanimously.

ARTICLE 2: LOCAL OPTION MEALS EXCISE

To see if the town will accept section 2 of chapter 64 L of the General Laws of the Commonwealth to impose an excise of .75% on sales of restaurant meals to take effect on January 1, 2011 in accordance with section 60 of Chapter 27 of the Acts of 2009, or take any other action related thereto.

MOVED that section 2 of chapter 64 L of the General Laws of the Commonwealth be accepted by the town to impose an excise of 3/4 of 1% (0.75%) on sales of restaurant meals within the limits of Town of Cohasset to take effect on January 1, 2011 in accordance with section 60 of Chapter 27 of the Acts of 2009.

Motion is **defeated.**

ARTICLE 3: LOCAL OPTION ROOM OCCUPANCY EXCISE

To see if the town will vote to accept sections 51 and 52 of ch. 27 of the Acts of 2009 amending s. 3A of ch. 64G of the General Laws of the Commonwealth and further to see what rate the town will establish for local room occupancy excise under such ch. 64G, s. 3A, to take effect on January 1, 2011, on the rental of rooms in hotels, motels, lodging houses and bed and breakfast establishments in the town; as provided by such law, or take any other action related thereto.

MOVED that sections 51 and 52 of Ch. 27 of the Acts of 2009 amending s. 3A of Ch. 64G of the General Laws of the Commonwealth be accepted by the town and further that a six percent (6%) rate be established for local room occupancy excise under such Ch. 64G, s. 3A, to take effect on January 1, 2011, on the rental of rooms in hotels, motels, lodging houses and bed and breakfast establishments in the Town of Cohasset; as provided by such law.

Motion is **defeated.**

ARTICLE 4: CAPITAL IMPROVEMENTS BUDGET

To see if the Town will vote to raise and appropriate, transfer from available funds or borrow pursuant to any applicable statute, a sum of money to fund various capital improvements, capital projects and/or capital equipment for the various departments, boards, commissions and agencies of the town, or take any other action related thereto.

MOVED that the Thirty One Thousand Dollars (\$31,000) be hereby appropriated for the Town Manager to purchase a police cruiser for the Police Department, and to meet this appropriation, Thirty One Thousand Dollars (\$31,000) be hereby transferred from the Capital Stabilization Fund in the treasury of the Town.

A 2/3's vote required. Motion adopted by the required 2/3's.

ARTICLE 5: WATER TREATMENT PLANT UPGRADE

To see if the Town will vote to raise and appropriate, transfer from available funds or borrow pursuant to any applicable statute, a sum of money to fund an upgrade of the chemical feeding system at the Water Treatment Plant and further to amend the water rates and charges to pay for such capital improvement projects, or take any other action related thereto.

MOVED that the sum of Thirteen Thousand Dollars (\$13,000) be appropriated to be spent by the Water Commission with the approval of the Town Manager to fund an upgrade of the chemical feeding system at the Water Treatment Plant, and to meet this appropriation the treasurer of the town with the approval of the Board of Selectmen is authorized to borrow such amount and to issue bonds and notes of the town with such borrowing to be general obligations of the town with the intent that the debt service for principal and interest is to be paid from Water Department revenues; and further that the water rates and charges be amended by adding an additional \$.20 (twenty cents) to the quarterly Capital Recovery Charge effective June 1, 2011 to pay for such borrowing.

A 2/3's vote required. Motion adopted by the required 2/3's.

ARTICLE 6: CAPITAL BUDGET COMMITTEE BYLAW AMENDMENTS

To see if the Town will vote to amend Article V, Section 2 of the Town of Cohasset Bylaws (Capital Budget Committee) as follows: By adding the following language at the end of subparagraph (a) "Each member shall be a legal resident of the Town. The Committee may include one associate member in addition to the five (5) regular members. Such associate may vote only when designated by the Chairman of the Capital Budget Committee. The Chairman shall designate the associate member to vote only in the case of absence, inability to act, or conflict of interest on the part of any member of the Capital Budget Committee, or in the event of a vacancy on the Committee." And further, by adding the following language after the word "structure" in the second sentence in subparagraph (c): "including any bond or debt offering or refinancing, lease obligation or other liability for any authorized or proposed Town Meeting article." Or take any other action related thereto

and to meet this appropriation, One Thousand Three Hundred Forty Seven Dollars and Seventy-Six cents (\$1,347.76) be transferred from Free Cash in the Treasury of the town.

A 9/10's vote required. Motion adopted unanimously.

ARTICLE 8: DEFERRAL OF WATER USE CHARGES

To see if the town will vote to accept the provisions of Massachusetts General Laws Chapter 40, Section 42J, allowing a property owner who is eligible for an exemption under clause forty- first A of section five of chapter fifty-nine, to enter into a deferral and recovery agreement for the purpose of deferral of water use charges, the text of which is set forth below, or take any other action related thereto.

“Section 42J. In a city, town or district which accepts the provisions of this section, the board responsible for assessing charges for the use of water under section sixty-nine B of chapter forty-one or any other provision of law, shall, upon the application of the owner of the real property to which the water is 4 supplied, if such owner is receiving an exemption from property taxes under clause Forty-first A of section five of chapter fifty-nine with respect to such property, defer charges for water supplied to such property. An application for deferral may be filed with said board within the time limit established for the filing of an application for exemption under said clause Forty-first A.

The board that imposes such charges shall notify the board of assessors of any deferral granted under the provisions of this section, and shall annually thereafter notify said board of assessors of any unpaid water rates and charges to be added to the tax bill. Such charges shall be committed by the assessors along with the real estate taxes for each fiscal year, and secured by the statement of lien executed pursuant to said clause Forty-first A. Upon such qualification for deferral, no further application under this section need be filed in order to qualify for deferral of water charges in subsequent years. No additional notice or statement of lien need be recorded or registered with respect to such deferred water charges, but the amount of such deferred charges shall be listed on any certificate of liens issued under section twenty-three, twenty-three A or twenty-three B of chapter sixty. Whenever a person who has received an exemption under said clause Forty-first A ceases to receive such exemption, the board of assessors shall cease deferring water rates and charges added to the tax bill, and shall notify the board responsible for the assessment of such charges of the discontinuance of such deferral of said charges.

Interest shall be charged upon deferred water charges at the same rate as interest on taxes deferred under said clause Forty-first A. The deferred charges, together with accrued interest shall be due and collectible at the same time and upon the same terms and conditions as taxes deferred under said clause Forty-first A.

The amount of water charges deferred under this section, plus accrued interest, shall not be used in determining whether a taxpayer continues to be eligible for exemption under said clause Forty-first A.

MOVED that Massachusetts General Laws Chapter 40, Section 42J be accepted by the town.

Motion adopted unanimously.

ARTICLE 9: DEFERRAL OF SEWER USE CHARGES

To see if the town will vote to accept the provisions of Massachusetts General Laws Chapter 83, Section 16G, allowing a property owner who is eligible for an exemption under clause forty-first A of section five of chapter fifty-nine, to enter into a deferral and recovery agreement for the purpose of deferral of sewer use charges, the text of which is set forth below, or take any other action related thereto.

Section 16G. In a city, town or district which accepts the provisions of this section, the board responsible for assessing charges for the use of the common sewers under section sixteen of chapter eighty-three or any other provision of law, shall, upon the application of the owner of the real property served by the common sewers, if such owner is receiving an exemption from property taxes under clause Forty-first A of section five of chapter fifty-nine with respect to such property, defer charges for said use of the common sewers. An application for deferral may be filed with said board within the time limit established for the filing of an application for exemption under said clause Forty-first A.

The board that imposes such charges shall notify the board of assessors of any deferral granted under the provisions of this section, and shall annually thereafter notify said board of assessors of any unpaid sewer charges to be added to the tax bill. Such charges shall be committed by the assessors along with the real estate taxes for each fiscal year, and abated along with such taxes, and secured by the statement of lien executed pursuant to said clause Forty-first A. Upon such qualification for deferral, no further application 5

under this section need be filed in order to qualify for deferral of sewer charges in subsequent years. No additional notice or statement of lien need be recorded or registered with respect to such deferred sewer use charges, but the amount of such deferred charges shall be listed on any certificate of liens issued under section twenty-three, twenty-three A or twenty-three B of chapter sixty. Whenever a person who has received an exemption under said clause Forty-first A is no longer eligible for such exemption, the board of assessors shall cease deferring sewer use charges added to the tax bill, and shall notify the board responsible for the assessment of such charges of the discontinuance of such deferral of said charges. Interest shall be charged upon deferred sewer use charges at the same rate as interest on taxes deferred under said clause Forty-first A. The deferred charges, together with accrued interest shall be due and collectible at the same time and upon the same terms and conditions as taxes deferred under said clause Forty-first A.

The amount of sewer use charges deferred under this section, plus accrued interest, shall not be used in determining whether a taxpayer continues to be eligible for exemption under said clause Forty-first A.

MOVED that Massachusetts General Laws Chapter 83, Section 16G be accepted by the town.

Motion adopted unanimously.

ARTICLE 10: BEACH STREET EASEMENT

To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase, gift or eminent domain permanent and temporary easements or lesser title interests in all or any portions of the property known as Town of Cohasset Assessor Map 23, Lot 10 and numbered 110 Beach Street, Cohasset, for installing drainage facilities and related access, improvements and landscaping; to see if the Town will vote to appropriate, borrow pursuant to any applicable statute or transfer from available funds, a sum of money for such purposes; or to take any other action related thereto.

MOVED that the Board of Selectmen be hereby authorized to acquire by purchase, gift or eminent domain permanent and temporary easements or lesser title interests in all or any portions of the property known as Town of Cohasset Assessor Map 23, Lot 10 and numbered 110 Beach Street, Cohasset, for installing drainage facilities and related access, improvements and landscaping.

A 2/3's vote required. Motion adopted by the required 2/3's.

Commendation offered by Paul Carlson for William Griffin.

COMMENDATION

WHEREAS, William Griffin has been Town Manager since 2005 and has served Cohasset with honor and distinction; and

WHEREAS, William Griffin has brought his wisdom gained from long years of experience to the many issues that face our community; and

WHEREAS, William Griffin has tirelessly and effectively overseen town operations and has provided great wisdom and support to many town boards, particularly the Board of Selectmen, Advisory Committee, Capital Budget Committee, Troika, Budget Planning Group, and the Water Planning Group; and

WHEREAS, William Griffin, during a period of severe financial stringency, has effectively and efficiently prepared six Town budgets and successfully completed numerous labor negotiations; and

WHEREAS, William Griffin has generously provided assistance to many members of the community of Cohasset; and

WHEREAS, such dedication and service to the Town cannot come without great sacrifice to personal matters and family life including countless evening meetings; and

WHEREAS, the Board of Selectmen now recommends this Unanimous Motion for Commendation to **William Griffin**.

NOW THEREFORE BE IT RESOLVED that the Citizens of Cohasset, assembled at Special Town Meeting hereby acknowledge and affirm their appreciation to William Griffin for his many years of dedicated service to the Town of Cohasset.

GIVEN under our hands and the seal of the TOWN OF COHASSET on this fifteen day of November in the year Two Thousand Ten.

Commendation adopted unanimously.

ARTICLE 11: COMMUNITY SEPTIC MANAGEMENT PROGRAM

To see if the Town will vote to appropriate a sum of money for the purpose of financing the following water pollution facility projects: repair, replacement and/or upgrade of septic systems, pursuant to agreements with Board of Health and residential property owners, including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws; to determine whether this appropriation shall be raised from taxation or other general revenues of the town, transferring from available funds, or by borrowing from the Massachusetts Water Pollution Abatement Trust or otherwise, or to take any other action related thereto.

MOVED that Three Million Dollars (\$3,000,000) be appropriated to be spent by the Town Manager with the approval of the Board of Health for the purpose of financing the following water pollution facility projects: repair, replacement and/or upgrade of septic systems, and/or connection to the municipal sewer system pursuant to agreements with Board of Health and residential property owners, including without limitation all costs thereof as defined in Section 1 of Chapter 29C of the General Laws; and to meet this appropriation, the Treasurer of the Town, with the approval of the Board of Selectmen is hereby authorized to borrow such sum from the Massachusetts Water Pollution Abatement Trust and to issue bonds and notes of the Town therefore.

Motion is defeated.

ARTICLE 12: TAX COLLECTOR'S DEMAND FEE

To see if the town will vote pursuant to G. L. Ch. 60, s. 15 to set a demand fee for the Town of Cohasset in the amount of Fifteen (\$15.00) Dollars as issued by the Collector of Taxes to be added to and collected as part of the tax, to be effective January 1, 2011, or to take any other action related thereto.

MOVED that pursuant to G. L. Ch. 60, s. 15 a demand fee for the Town of Cohasset be hereby set in the amount of Fifteen (\$15.00) Dollars as issued by the Collector of Taxes to be added to and collected as part of the tax, to be effective January 1, 2011.

Amendment offered by Roy Fitzsimmons to change the demand fee from \$15 to \$30. Hand count taken – Yes 78; No 41. Amendment passes. Main motion as amended is adopted.

Report of the Town Treasurer-Collector

The following is the Annual Report for the Office of Treasurer-Collector. It contains a Reconciliation of Town Cash Accounts, Outstanding Receivables and a listing of wages and salaries paid for calendar year 2010.

In Fiscal Year 2010, the Office processed approximately 12,687 Real Estate and Personal Property tax bills, 7,866 Motor Vehicle Excise tax bills, 400 Boat Excise tax bill and 10,679 Water and Sewer bills.

In addition, the Office is responsible for processing payroll for all Town employees, issuing all accounts payable checks and maintaining custody of all Town receipts.

Once again considerable efforts were made to contact taxpayers and collect taxes in arrears.

I would like to thank the residents of Cohasset for the opportunity to serve the Town and I would like to thank Kristin Curran and Sandra Parnell for their efforts.

Respectfully Submitted,

Linda M. Litchfield
Treasurer-Collector

2010 BOARD OF ASSESSORS

The property tax levy is the revenue a community can raise through real and personal property taxes and is the largest source of revenue for the Town of Cohasset. The property tax levy for Fiscal Year 2010 was \$27,362,660.01 representing 67% of the \$40,559,387.18 budget. The residential share of the levy is 93%, while commercial, industrial, and personal property account for 7%.

It is the responsibility of the Assessors' Office to establish fair market value for all properties in the Town of Cohasset. During Fiscal Year 2010, the Assessors' Office staff conducted an analysis of all arms-length sales that occurred in the town during calendar year 2008, reported sales trends in the real estate market, and applied interim adjustments. The Department of Revenue certified the values for Fiscal Year 2010. The total valuation of the town was \$2,438,739,752 with a certified uniform tax rate of \$11.22 per thousand dollars of assessment.

In addition, the Assessors' Office is responsible for the assessment and commitment of motor vehicle excise and boat excise, betterment assessments, and the collection of new growth based on building construction. During 2010, the staff conducted field inspections or review of all building permits in the Town of Cohasset.

The Board of Assessors would like to acknowledge Deputy Assessor, Mary Quill, Assistant Assessor, Debra Krupczak and Administrative Assistant, Ellen Warner for their professionalism throughout the year. The Board of Assessors would also like to acknowledge Debra Krupczak for her eighteen years of service to the Cohasset Assessors' Office and welcome our new Assistant Assessor, Warren Bruce Lane.

Elsa J. Miller, Chairperson
Michael C. Patroia, Clerk

2010 Board of Health Annual Report

The Board re-organized in April of 2010. Peggy S. Chapman, APRN, BC returned as Chairperson, Robin M. Lawrence, DDS, MPH elected as Clerk and Stephen N. Bobo as member. Joseph R. Godzik, VMD remains the Health Agent on a part-time basis and Tara N. Tradd, Health Inspector/Office Manager. Mary Goodwin, RN continued as public health nurse and Mary Whitley as her assistant.

Water Quality in Cohasset Harbor was monitored by the Board and students from the Center for Student Coastal Research (CSCR). Enterococci levels in the area of Bassing Beach were reduced this year resulting in (1) beach closure. This was probably due to the rehabilitation of the "Parker Avenue Cut" which re-established water flows from the Gulf River through the "Cut" to Bailey's Creek. This should produce improved water quality in the Harbor over the long term. One known possible source of pollution remains to be remedied the septic system at the Lightkeepers. Town Finances have kept this facility from being connected to the municipal sewer system.

Reduced state funding caused a cutback in water quality monitoring in Little Harbor. However, major beaches Sandy Beach, Sandy Cove and Black Rock Beach continued to be monitored for bacterial quality on a weekly basis from mid June to Labor Day. For the first time in memory Sandy Beach was closed for more than a single day due to higher bacteria counts. The source of these organisms could not be determined.

With the H1N1 Influenza pandemic warning in the spring, the "seasonal" flu season was the Board's primary concern. The H1N1 virus strain was incorporated into the 2010 "seasonal" vaccine. This allowed virtually anyone to receive the vaccine. The Board's policy is to give vaccine to only those ages 9 and older. Younger children are encouraged to go to their pediatrician. The Board distributed free vaccine from the state to local pediatric practices. As part of its ongoing Emergency Preparedness training, the Board participated in a regional flu clinic drill held at the Hanover Mall. Other towns participating were Hanover, Hingham, Hull, Norwell and Scituate. The clinic was run as an Incident Command exercise which allowed members to become more familiar with the Incident Command structure.

The Medical Reserve Corps (MRC) is an important and integral organization when any emergency arises. The MRC is a group of medical and non-medical volunteers who assist the regular Board of Health staff in emergencies. The Board is always looking for new members. Applications are available at the Board of Health office or at the Town website – www.townofcohasset.org. A recognition night for MRC volunteers was held in June at the South Shore Country Club. Volunteers from Cohasset, Hanover, Hingham, Hull, Norwell, Scituate and Weymouth were recognized. MRC jackets and emergency supplies were distributed to all who attended.

The Board hosted several MRC trainings covering shelter operations. Trainings continue here and in surrounding towns.

During the December 26, 2010 storm many MRC members volunteered to staff the Cohasset shelter. But since it was only open for five (5) hours, no one was called in. Thanks to all who responded.

At the Special Town Meeting in November, the Board proposed establishing the Septic Management Loan Program operated by the Massachusetts Department of Environmental Protection and funded by the State Revolving Fund. Monies from this fund are loaned to the Town at 0% interest and are used by homeowners to pay for sewer connections (from house to street) and repair failed septic systems. Monies are then loaned to homeowners at 2% or 5% interest, thereby reducing the cost of what could be a very expensive connection. The article proposing the establishment of the Program was defeated. The Board plans to present this article again at the 2011 Annual Town Meeting.

As noted last year, the Tobacco Control Program was disestablished in 2009 because of lack of funding. This continued in 2010. However, there may be some regional funding available in 2011 and the Board will be participating in this program if it becomes available.

The Board wishes to thank all those who donate their time, talent and treasure to assure that the public health is protected and that Cohasset citizens enjoy the highest quality of life standards.

The Board also recognizes the achievements of Tara Tradd who was re-elected to the Executive Committee of the Massachusetts Health Officers Association and to the Board of the CSCR here in Cohasset.

The Board thanks all its volunteers who assist with programs and clinics. Much is accomplished through your continuous efforts.

The Board is grateful to all who assist with programs and clinics through volunteer efforts and monetary donations throughout the year.

The Board received the following revenue during 2010:

Licenses and Permits:	\$10,865.00
Witnessing Percolation Testing:	\$ 2,240.00
Disposal System Construction Permit	\$ 4,210.00
Other:	\$ 13,374.00
PHN Gift Account:	\$ 421.00
Medicare Reimbursement:	\$ 579.83

2010 Nursing Annual Report

Seasonal Flu clinics for senior citizens, high risk adults, pregnant women and children over the age of 9 years were held at the Town Hall. Clinics were also held at Harborview Housing, Cohasset Elder Affairs and Sunrise Assisted Living Center. To date, 600+ doses of flu vaccine have been administered. The Town of Cohasset along with 5 other south shore towns held a regional flu clinic at the Hanover Mall. The other towns in the group included Hull, Hingham, Scituate, Hanover and Norwell. This was done in coordination with Mass Dept. of Public Health and Region 4b Emergency Preparedness Coalition. The exercise was used as an emergency drill set up in the incident command structure. Approximately 208 doses of flu vaccine were administered.

As of 12/8/10 the Cohasset Board of Health has gone live with MAVEN. **Massachusetts Virtual Epidemiologic Network (MAVEN)** is a new web-based disease surveillance and case management system that enables MDPH and local health to capture and transfer appropriate public health, laboratory, and clinical data efficiently and securely over the Internet in real-time. The system interfaces with electronic lab reporting efforts, has automatic (24/7/365) notification of state and local officials of any event requiring their attention and geographic information system (GIS) activities. MAVEN will replace the current paper-based methods of data exchange between MDPH, local public health, and clinicians.

A sun awareness program was held at Sandy Beach in Cohasset in July. Working with the Melanoma Education Foundation sunscreen and informational packets were distributed to beachgoers. A skin analyzer was used to show sun damage along with education about the importance of prevention.

Ongoing participation in the TRIAD which was reintroduced in Cohasset in November.

REPORT OF PLYMOUTH COUNTY MOSQUITO CONTROL PROJECT

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 2010.

The Project is a special district created by the State Legislature in 1957, and is now composed of all Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. The Project is a regional response to a regional problem, and provides a way of organizing specialized equipment, specially trained employees, and mosquito control professionals into a single agency with a broad geographical area of responsibility.

The 2010 season began with a high water table and above average spring rain fall. Plymouth County was declared a federal disaster area because of the spring flooding in March and April. As we expected the initial requests for spraying were numerous but we were prepared for a busy season, not knowing it was going to be the worst Eastern Equine Encephalitis (EEE) threat in 100 years. Efforts were directed at larval mosquitoes starting with the spring brood. Ground and aerial larviciding were accomplished using B.t.i., an environmentally selective bacterial agent. Over 11,000 acres were aerial lavicided using the Project plane. Upon emergence of the spring brood of mosquitoes, ultra-low volume adulticiding began on June 3, 2010 and ended on September 18, 2010. The Project responded to 16,641 spray requests for service from residents.

In response to the continued threat of mosquito borne diseases in the district, we increased our surveillance trapping, aerial and ground larviciding, and adult spray in areas of concern to protect public health.

Eastern Equine Encephalitis (EEE) was first isolated from *Culiseta melanura*, a bird biting species, by the Massachusetts Department of Public Health in Lakeville on July 12, 2010. Of the season's total of 54 EEE isolates, were trapped in Plymouth County as follows:

2010 Annual Report Page – 3 –

Based on guidelines defined by the Massachusetts Department of Public Health “Vector Control Plan to Prevent EEE” in Massachusetts, ten Plymouth County towns were elevated from “Low Level ” or “Moderate Level” for EEE Risk” category to “High Level” EEE risk category. All other towns in Plymouth County Mosquito Project remained in the “Low Level Risk” category. An aerial intervention was needed to effectively reduce human biting bridge vector mosquitoes as well as enzootic transmission of EEE. Governor Patrick, announced aerial spraying would take place on August 4, 5, & 6, 2010 in southeastern Ma. Communities sprayed within the district included Lakeville, Bridgewater, Carver, East Bridgewater, Halifax, Hanson, Pembroke, Duxbury, Kingston, Plympton, Middleboro, Rochester and Mattapoisett to help prevent further spread of EEE infected mosquitoes. In 2010 there were two human cases, one lived within the county the other traveled within the community. Two horses died as a result of contracting EEEV in Plymouth County.

West Nile Virus was also found within the district. A total of four isolations of WNV mosquitoes were found. *Culex pipiens* bird biters were trapped in Halifax on 6/30, and Brockton on 8/11 and *Culiseta melanura* in Plympton on 9/1 and Lakeville on 9/20 . We are also pleased to report that in 2010 that there were no human or horse West Nile Virus cases in Plymouth Town of Cohasset

County. As part of our West Nile Virus control strategy a total of 59,251 catch basins were treated with larvicide in all of our towns to prevent West Nile Virus (WNV).

The public health problem of EEE and WNV continues to ensure cooperation between the Plymouth County Mosquito Control Project, local Boards of Health and the Massachusetts Department of Public Health. In an effort to keep the public informed, EEE and WNV activity updates are regularly posted on Massachusetts Department of Public Health website at www.state.ma.us/dph/wnv/wnv1.htm.

The figures specific to the Town of Cohasset are given below. While mosquitoes do not respect town lines the information given below does provide a tally of the activities which have had the greatest impact on the health and comfort of Cohasset residents.

Insecticide Application. 477 acres were treated using truck mounted sprayers for control of adult mosquitoes. More than one application was made to the same site if mosquitoes reinvaded the area. The first treatments were made in June and the last in September.

During the summer 1,056 catch basins were treated to prevent the emergence of *Culex pipiens*, a known mosquito vector in West Nile Virus transmission.

2010 Annual Report Page – 4 –

Our greatest effort has been targeted at mosquitoes in the larval stage, which can be found in woodland pools, swamps, marshes and other standing water areas. Inspectors continually gather data on these sites and treat with highly specific larvicides when immature mosquitoes are present. Last year a total of 28 inspections were made to catalogued breeding sites.

Water Management. During 2010 crews removed blockages, brush and other obstructions from 225 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. This work, together with machine reclamation, is most often carried out in the fall and winter.

Machine Reclamation. 200 linear feet of upland ditch was reconstructed in Cohasset using the Project's track driven excavator.

Finally, we have been tracking response time, which is the time between notice of a mosquito problem and response by one of our inspectors. The complaint response time in the Town of Cohasset was less than three days with more than 231 complaints answered.

Mosquito Survey. Our surveillance showed that the dominant mosquitoes throughout the district was generally *Culiseta melanura* and *Coquilleltidia perturbans*. In the Town of Cohasset the three most common mosquitoes were *Cs. Vexans*,, *Cq. pertubrans* and *Ur. saphirina*.

We encourage citizens or municipal officials to visit our website at www.plymouthmosquito.com or call our office for information about mosquitoes, mosquito-borne diseases, control practices, or any other matters of concern.

COHASSET ELDER AFFAIRS
2010 Annual Town Report

Helping seniors to remain in their own homes or independent housing for as long as possible through the use of ancillary programs and services while maximizing the support network of their families and friends in our community, remains at the forefront of Elder Affairs' goals for 2010 and beyond. With so many non-profit agencies and organizations suffering budget reductions this year, the demands on, and requests for, assistance from Cohasset Elder Affairs have dramatically increased.

According to the Town Clerk's report, 1,823 people who are 60 years of age and older, reside in Cohasset. In 2010, nearly 67% of the seniors in Cohasset availed themselves of the more than 40 different programs, services, and activities at our Senior Center. Our Outreach program confirmed a record number of seniors and their families seeking assistance regarding health insurance premiums, transitional housing issues, as well as benefit decreases, transportation needs, wellness and nutritional effects, and costs associated with home care options.

The following information provides a snapshot of the services that were provided to seniors and their families throughout the year:

- 2,302 congregate meals
- 1,013 medical transportation rides
- 4,209 grocery store, escort, congregate meal transportation rides
- 3,023 requests for information fielded
- 14 ongoing cultural and educational programs
- Expanded exercise, yoga, line dancing, and Tai Chi programs
- Procured a new medical transportation van
- Enhanced outreach networking with other agencies and organizations to increase and enhance visibility in the community
- Increased contact with frailest of our community during emergency situations
- Developed and distributed a new marketing brochure to highlight our programming and provide the case for support for construction of our new senior center
- Converted the monthly VISTA newsletter from Senior Citizen's Publishing Company to Liturgical Publications, to provide a more exciting, flexible, and readable format for our newsletter

In 2010, more than 202 individuals faithfully and tirelessly volunteered 8,304 hours of their time to benefit seniors in our community. Transporting individuals to appointments, providing lunch on a regular basis, acting as receptionists for our office, performing wellness checks on frail older adults, leading activities, shopping for seniors, collating our mailings – there are numerous ways in which volunteers have provided critical assistance this year. With the

valuable support from these people, we were better able to fulfill our mission to serve elders' needs in our community.

As we maintain our attention to existing programs and services, we are concurrently focusing time, effort, and energy on the future of Elder Affairs. In order to advance construction efforts on the new senior center which will enable Elder Affairs to more completely and efficiently address the needs of Cohasset seniors and their families, an Ad Hoc Committee was formed November, 2009, whose sole purpose it is to move the building project forward, and they are doing exactly that. To this end, a feasibility study was completed and presented to the Board of Selectmen and the public in October, and as a result, we have begun rigorous reviews before the many relevant Town commissions and committees. The capital fundraising component is being initiated, as well, to encourage citizen input from the entire community and beyond, to participate financially in this exciting Town project.

Elder Affairs relies heavily on the leadership provided by our Board of Directors. Through their dedication of time and energy to our seniors, they have helped expand programming, assisted with budget preparation, and provided ongoing support for the Elder Affairs Director and staff in each of our endeavors. This past year, John Campbell moved from the President of the Friends of Elder Affairs to the position of Chair of the Elder Affairs Board of Directors. John has been instrumental in moving the building project forward, and helping to increase our visibility in the community. Because of this elevation of leadership within our organization, Karen Golden Oronte, already a valued and longtime member, was tapped to lead the Friends organization, the private, non-profit fundraising arm of our organization, and their creative efforts to augment the services provided at the senior center continued this year. In 2010, an increasing number of seniors participated in the Cohasset Café – an outreach strategy to broaden our base of participants, held weekly during the spring, summer, and fall seasons, at the Lightkeepers. The Friends also orchestrated the ever-popular Cohasset Cabaret, assembling performing talent from multiple communities, with the proceeds supporting our continued outreach effort to Cohasset seniors. In addition, they also supported several cultural events, including, “Songbirds of the Northeast”, “Love Letters,” and several craft instruction sessions.

Throughout 2010 and beyond, Cohasset Elder Affairs remains committed to providing comprehensive programming and services to the seniors and their families in our community. We encourage input, suggestions for improvement, and town-wide participation in our journey to fulfill our mission.

2010 ANNUAL REPORT OF THE COHASSET HOUSING AUTHORITY

The Cohasset Housing Authority is a public agency with a five member Board of Commissioners, four of whom stand for town election and the Governor appoints the remaining Commissioner.

<u>Commissioner</u>	<u>Term Expires</u>
Helen C. Nothnagle	2015
Ann C. Barrett	2014
Ralph Perroncello	2012
Susan Sardina	2011
Open Seat	Governor's Appointee

The Cohasset Housing Authority has a staff of two:

Catherine M. Luna, Execu-Tech Consultant

Jill Rosano, Maintenance Supervisor

According to their bylaws, the Board of Commissioners meets once a month and holds its annual meeting in June.

Cohasset's subsidized housing inventory includes 64 state units of Chapter 667 Elderly/Disabled housing located at Harborview, 60 Elm Street and 12 units of Chapter 689 Special Needs housing located at 72, 74 and 76 Elm Street. The Department of Housing and Community Development subsidizes these 76 state units. Our annual subsidies are granted upon successful annual, semi-annual, and quarterly reviews of management and regulatory compliance.

Eligibility standards for Harborview include a maximum allowable income of \$45,100 for one person and \$51,550 for two person households, the age for admission is 60. During the past year there have been nine apartment turnovers. At the present time there is a waiting list however, there are no Local Residents over the age of 60 on the list. Local residents under state law have a preference on our Wait List. "Local Preference" as defined by state law is "any applicant living and/or working in the Town". The Board of Commissioners recommends that application for subsidized housing at Harborview be made before the need becomes critical.

Modernization grants for capital improvements are awarded by our funding source, the Department of Housing & Community Development. This past year the Department of Housing & Community Development started a new program, Formula Funding. Under this program the Cohasset Housing Authority was awarded \$135,000 to make improvements to the site over the next Five years.

In past years, the Community Preservation Committee has given unprecedented consideration to the capital improvement needs of the Cohasset Housing Authority. Over \$525,000 of Community Preservation Act funds have been expended at 60 Elm St since 2003 to upgrade apartments for safety and energy efficiency. Our deepest gratitude to the CPC for their thoughtful and generous consideration of our needs; to the Selectmen and the Advisory Committee for their encouraging support in placing this issue on the Town Meeting warrant; and to the citizens attending Town Meeting. Their support in approving the requests honors our senior citizens and enhances their quality of life here at Harborview.

In 2006 we submitted a Condition Assessment Report (our primary vehicle for grants awarded for Capital Improvements) requesting siding, windows and doors for the building envelope and it was approved. At that time it was also discovered that we needed new roofs and gutters. The Department of Housing and Community Development approved the funding of \$ 1,000,000.+ for these improvements along with the \$400,000 in CPC funds awarded the Authority. This work is complete and we are eternally grateful to DHCD and the CPC for a practically new development.

In 2007 we were awarded funding from the DHCD to improve the drainage, walkways, roadway and parking in the amount of \$548,384.00. This work was completed in the spring of 2010.

In 2010, the CPC awarded a total of \$40,000 in order to install GFI's in the kitchens and bathrooms of all units and to replace the outside lighting. This project is partially complete and will be finished in 2011.

The State's budget this year was level funded at the decreased limits of 2009, even though our utility and other expenses have increased. We continue to request emergency funding for our complex, as weather and time take their toll.

We are extremely grateful to the Norfolk County Sheriff's Department for assistance in building maintenance when requested; to the Cohasset Public Works, Police and Fire Departments for their continued vigilance and generosity, insuring the safety of our residents; to the students from Notre Dame Academy, and the Girl Scout Troup 4870 for always remembering us. We thank you.

The Board of Commissioners continues to pursue its mandate of providing affordable, safe, and secure housing and of reviewing and updating regulatory policies/procedures. It remains diligent in the research of opportunities to create affordable housing for those with the greatest need.

Respectfully submitted,
Helen Nothnagle, Chairman
Susan Sardina, Vice-Chairman

2010 VETERANS' AGENT –ANNUAL REPORT

We serve approximately five hundred and thirty clients and their families. Contacts such as requests for information and assistance totaled approximately one hundred and seventy (21% increase) although many contacts required multiple follow-ups. The average time expended per contact approximated six hours. We have added surviving spouses on semi-annual mailings to veterans. Provided support to the Deer Hill School's Memorial Day observances that include presenting classes to fifth graders and greatly increasing the presence of veterans at the School's assembly honoring veterans. Wrote and had published periodic articles explaining veterans' issues. Applied for and managed public assistance to veterans' and spouses in financial distress (75% reimbursed by the State). The year 2009 saw two cases opened and three more during 2010. Initiated applications for federal Veterans' Administration (A) benefits (no cost to the Town). Established an enhanced web site (A sub-set of the Town web site - under "Veterans Agent)." Created a "mini" veterans' volunteer transportation system. Strengthened the Veterans' Agent Budget that had been in untenable decline over recent decades. Coordinated donating gift certificates to Cohasset veterans and spouses in need. Established a program for indoor/outdoor yard/household assistance to /infirm veterans and spouses.

Goals for the Year 2011 include: a. creation of a database of all veterans' cemetery plots, b. enhancing the historical records of Cohasset veterans, and c. coordinating a "volunteer" veterans' small business job/contract preference system.

Planning Board ~~ 2010 Annual Report

The Cohasset Planning Board, under the authority granted by Massachusetts General Law, Chapter 41, Section 81A-GG (Planning and Subdivision Control Law), and Chapter 40A (the Zoning Act) is charged with the review of large homes, subdivisions and site plan review of various development projects. In addition to these duties the Board completed a number of additional planning tasks in 2010.

The Board conducted public hearings on a number of zoning bylaw amendment articles:

- For the June 14, 2010 Special Town Meeting, the Planning Board conducted a public hearing for one (1) zoning bylaw amendment warrant article: Article 3: Zoning Bylaw Amendment – Section 8.7.1 (adopted)
- For the November 15, 2010 Special Town Meeting, the Planning Board conducted a public hearing for one (1) petitioned zoning bylaw amendment warrant article: Article 13: Zoning Bylaw Amendment – Section 4.2 Permitted Uses (defeated)

A significant amount of attention and review was focused on four (4) combined Special Permit and Site Plan Review filings:

- CCI ENERGY LLC - WIND ENERGY CONVERSION FACILITY SPECIAL PERMIT AND SITE PLAN REVIEW APPLICATION for two proposed wind turbines at 215 CJC HWY, the site of the former Cohasset Landfill. Filed in August, 2008, public hearings and deliberations for this filing continued into 2009. In 2009, the Site Plan for this application was approved with conditions while the Special Permit Application failed to achieve the necessary four vote supermajority and was therefore denied. This denial was subsequently appealed by the applicant. The Board ended 2009 preparing for Remand Order public hearings for this application to begin in January, 2010. As a result of an Order of Remand the applicant modified its plans and submitted additional evidence and information. Public hearings and deliberations on Remand were conducted. The modified application on Remand for Special Permit was denied.
- SOUTH COASTAL DEVELOPMENT GROUP, LLC – VILLAGE BUSINESS DISTRICT SPECIAL PERMIT AND SITE PLAN REVIEW APPLICATION for the construction of a 3-story, 26,300 sq. ft., 17 unit residential building on the 22,500 sq. ft. lot at 8 JAMES LANE. In December, 2009, the Planning Board voted unanimously to deny permits and approvals for this filing due to the applicant's lack of progress with the filing and because material submitted failed to meet the requirements of applicable bylaws. On February 17, 2010 a public hearing was held to consider South Coastal Development Group's request that the Planning Board reconsider its denial and instead, allow South Coastal Development to withdraw their application without prejudice. The request to be allowed to withdraw without prejudice was denied.
- PILGRIM BANK - 40 SOUTH MAIN STREET – SITE PLAN REVIEW & VILLAGE BUSINESS DISTRICT SPECIAL PERMIT APPLICATION. This combined site plan review and special permit application was for the renovation of the former Cohasset Hardware building to accommodate moving all bank operations to this site. Pilgrim Bank's goal was to retain as much of the character of the building as possible and to be consistent with the architecture of other buildings in the Village. Interior and exterior renovations included: replacing display

windows with smaller windows; raising the roof five (5) feet; removal of one entrance door on the So. Main St. side of the building; and, adding an alcove bump out on the Elm St. side of the building to accommodate an elevator for ADA access. The special permit was approved and, the site plan was approved with conditions.

- CONSERVATION WIND LP – SITE PLAN REVIEW & WIND ENERGY CONVERSION FACILITY SPECIAL PERMIT APPLICATION for the construction of a commercial 1.8 MW wind turbine at Turkey Hill in Cohasset on land owned by the Trustees of Reservations. After several informal discussions in the summer and fall of 2010, public hearings for this application opened in November, 2010 and closed on December 15, 2010. Deliberations are scheduled to begin in January, 2011.

In addition, one (1) Special Permit application was filed in November, 2010:

- 100 POND ST – APPLICATION TO MODIFY THE 1983 RESIDENTIAL CLUSTER DEVELOPMENT SPECIAL PERMIT to allow a land exchange and to permit the construction of one (1) additional single family dwelling unit. Public Hearings on this application are scheduled to begin in January, 2011.

The Board also addressed one (1) new Site Plan Review Filing:

- COHASSET ASSOCIATES - 380/400 CHIEF JUSTICE CUSHING HIGHWAY (STOP & SHOP PLAZA) SITE PLAN REVIEW FILING: This application was for the construction of a new 30,000 sq. ft., single story retail building within the existing shopping center. Public hearings opened in January, 2010 and continued into the fall. The Site Plan was approved with conditions in October, 2010. In November, 2010, the applicant filed an appeal of certain conditions of approval to the Land Court.

Five (5) Large Home Review applications were reviewed via a public hearing process:

- 21 SHELDON ROAD: This application was for the demolition of an existing 4,000 sq. ft. single family residential structure and the construction of a new 4,794 sq. ft. single family residential structure. After thorough review, the Planning Board recommended issuance of a building permit subject to conditions.
- 390 JERUSALEM ROAD: This application was for the demolition of an existing 2,497 sq. ft. single family residential structure and the construction of a new 4,601 sq. ft. single family residential structure. After thorough review, the Planning Board recommended issuance of a building permit subject to conditions.
- 35 FERNWAY: This application was for the construction of an addition to the existing 3,200 sq. ft. residential structure. An existing barn was also to be torn down and replaced with a new garage result in a total residential gross floor area of 4,685 sq. ft. After thorough review, the Planning Board recommended issuance of a building permit subject to conditions.
- 14 SUMMER STREET: This application was for the demolition of a portion of the existing 3,200 sq. ft. residential structure and the construction of a new 1,000 sq. ft. addition which would result in a total residential gross floor area of 4,580 sq. ft. After thorough review, the Planning Board recommended issuance of a building permit subject to conditions.

- 150 NORTH MAIN STREET: This application was for the demolition of an existing 3,844 sq. ft. four-family dwelling and the construction of a new three-family dwelling of 6,040 sq. ft. total residential gross floor area. After thorough review, the Planning Board recommended issuance of a building permit subject to conditions.

Considerable attention was focused throughout the year on continued review of the inspections, status of conditions and progress of previously approved projects including:

- Cedarmere: In August, 2010 the Planning Board was informed that this project will not continue and the property will be sold
- Manor Way Circle Approved Subdivision – 6 single family residential house lots: This property was sold. The new owner does not plan to continue with the subdivision as approved but will file for a modification to the approved subdivision in 2011.
- Heritage Lane - Fourteen (14) single family residence subdivision: Lots continued to be sold in this subdivision. By the end of 2010, building permits had been issued for 6 homes in this subdivision.
- Scituate Hill Commercial Subdivision: After a period of inactivity, site work was restarted in 2010. A permit from Mass. Highway has recently been received. The applicant continues to explore the possibility of a traffic light with Mass. Highway.

Many informal discussions were held at Planning Board Meetings including:

- Pre-application discussion regarding plans for changes to Pat's Barbershop
- Pre-application discussion regarding plans for Wind Energy Conversion Facility filing at Turkey Hill
- Pre-application discussion regarding plans for renovations by Pilgrim Bank to the former Cohasset Hardware
- Pre-application discussion regarding plans for filing for a modification to the 1983 RCDD Special Permit for 100 Pond St.
- Pre-application discussion regarding plans for Village Business District Special Permit and Site Plan Review filing for a 24 unit condominium building at 2 Smith Place
- Pre-application discussion regarding plans for construction of a 30,000 sq.ft. building at 380/400 CJC Hwy. (Stop & Shop Plaza)
- Pre-application discussion regarding a Form A – ANR filing on Howard Gleason Road
- Crocker Lane Sports Complex
- Phase III Village Revitalization
- Harbor Study and Plan
- Senior Center Update
- New Open Meeting Law
- Hazard Mitigation – presentation by James Freas (MAPC)

Other topics discussed on an ongoing basis included:

- Master Plan
- Planning Board Goals
- MAPC Technical Assistance
- Green Communities Act, Green Development & Planning Assistance
- Boston region MPO Suburban Mobility
- Smart Growth
- Cohasset Rules and Regulations Governing the Subdivision of Land
- Neighborhood LEED Development
- Clean Air Grant Program
- Open Space & Recreation Plan
- AEC Wind Energy Conversion Facility Bylaw Update
- Zoning Bylaw Section 8.7.1
- Zoning Bylaw Section 4.2 Permitted Uses

Continuing Administrative projects included:

- Completion of an updated list of street names
- Completion of a first draft of updated Common Driveway Rules & Regulations
- Near completion of a first draft of updated Subdivision Rules & Regulations

The Planning Board also interacted with other Committees, Boards and Departments on issues of mutual interest and/or concern including the: Board of Selectmen, Design Review Board, Economic Development Committee, Community Preservation Committee, Zoning Board of Appeals, Stormwater Committee, Fire Department and Alternative Energy Committee.

In this very busy year, the Board also conducted the following regular business:

- Held twenty four (24) meetings
- Reviewed four (4) Subdivision Approval Not Required (ANR) applications. After thorough review, all applications were endorsed.
- The Planning Board regularly reviews applications filed with the Zoning Board of Appeals and offers a recommendation to the ZBA to either approve or deny an application as well as the reason(s) for the recommendation. In 2010, the Planning Board reviewed and offered recommendations on fourteen (14) ZBA applications.

The Board welcomed newly elected Associate Member William Hannon.

**Norfolk County Registry of Deeds
2010 Annual Report to the Town of Cohasset
William P. O'Donnell, Register
649 High Street, Dedham, Massachusetts**

The Registry of Deeds is the principal office for real property records in Norfolk County. The Registry receives and records hundreds of thousands of documents each year, and is a basic resource for title examiners, mortgage lenders, municipalities, homeowners, and others with a need for land record information.

The Registry of Deeds has been a vital component of Norfolk County since 1793, the year Governor John Hancock signed legislation creating Norfolk County, also known as the County of Presidents – the birthplaces of John Adams, John Quincy Adams, John F. Kennedy and George H.W. Bush.

The Registry operates under the supervision of the elected Register, William P. O'Donnell. In over two hundred years of continuous operation the Registry's objectives have remained the same: accuracy, reliability and accessibility for the residents and communities of Norfolk County.

Improved technology, security and management of records and increased levels of customer service remain areas of major focus for the Registry of Deeds. Initiatives for 2010 include:

- The Community Outreach Program continued to bring the Registry to many of the County's Town Halls and Senior Centers during 2010. Register O'Donnell and staff were at Cohasset Town Hall on June 16th and at Elder Affairs on December 1, 2010.
- The Registry's Informational Seminar's offer both the real estate professional and the general public the opportunity to learn how to research the Registry's land records.
- On January 20, 2010 the Registry processed its first electronic recording. Most documents can now be sent electronically to the Registry to be recorded.
- The internet accessible indexing system has been expanded back to include references from as early as 1900. Remote access over the internet for complete printing of Registry documents is steadily expanding among a growing number of account holders.
- The full service telephone and walk-in Customer Service & Copy Center provided thousands of Norfolk County residents with quality assistance in all areas of the Registry operations. The Customer Service & Copy Center can be reached at 781-461-6101.
- The Registry's internet website www.norfolkdeeds.org is regularly updated and enhanced to include recent news, trends, press information, and answers to frequently asked questions.
- Our Community Programs, Suits for Success, and the Annual Holiday Food and Toys for Tots Drives have been successful through the generosity of the Registry employee's and residents of Norfolk County.

Overall Cohasset's real estate activity improved in 2010. In total, 2727 documents were recorded during the year representing a modest increase from 2009. The same slight growth was seen with the average sale price of both commercial and residential property in Cohasset. Cohasset's average sale price in 2010 was \$847,376. The number of land transfers in Cohasset for both consideration and nominal consideration increased by 14 % from last year with 215 deeds recorded. Similarly, the total dollar amount of all sales in Cohasset increased positively by 21% with over \$111 million in real estate sales. The number of foreclosures decreased slightly from the previous year and the amount of new mortgages recorded increased by 4%. In addition to the actual number of mortgages recorded, mortgage indebtedness grew to over \$417 million in Cohasset, representing a 58% increase from 2008. This spike was due in part to historically low interest rates especially in the last quarter of 2010. Cohasset residents also took advantage of the Massachusetts Homestead law by recording 121 Declarations.

2010 ANNUAL REPORT OF THE CONSERVATION COMMISSION

Wetland Protection Bylaw (Commonwealth of Massachusetts and Town of Cohasset)

The Cohasset Conservations Commission's bi-monthly meetings were generally scheduled to review a number of applications, including **48 Notices of Intent (NOI) and 25 Requests for Determination of Applicability (RDA)**. The Cohasset Conservation Commission also conducted a large number of site visits throughout the town.

One of the major projects of discussion was the "Cat Dam" Notice of Intent proposal filed by the Town of Cohasset. For a history of this project please view the Cohasset Mariner archives.

In addition to enforcing the Wetland Protection Act, the Conservation Commission is also charged with permitting and enforcing the Town's Stormwater Bylaw. The following is a report from the Stormwater Agent Norfolk Ram LLC, Mark Bartlett.

STORMWATER PERMIT / PROJECT REVIEW PROGRAM

In calendar year 2010, we had a total of 23 "projects" which can be further broken down as follows:

- ☐ **21 Stormwater Permit** applications,
- ☐ **2 Administrative Approval** applications, and
- ☐ **1 Special Assignment** (Cook Estate – review of erosion control issues during construction).

In Calendar Year 2010, the Town collected a total of \$10,600 in administrative fees for permit applications which entered the Town's general fund.

STORMWATER AGENT GENERAL SERVICES

Norfolk Ram provided general services (i.e. non-permit review activity) through the year, services which cannot be charged against a specific permit application.

In CY 2010, these services included work such as:

- Provided monthly update reports to the Conservation Commission on the stormwater program.

- Reviewed potential applicant information and respond to inquiries from potential applicants and/or Commission members for various sites within the Town, including for example:
 - Proposed Bear Hill access road for new communications antennae on the Town's Bear Hill Water Tank.
 - (2) Sport Court owners regarding failure to file permit applications
 - inquiry re: 39 Windy Hill Road – a potential permit application that was avoided
 - inquiry re: site at 736 Jerusalem Road.
 - Review of FEMA notice for the Walnut Hill Stream area; and correspondence with Town regarding findings from research of base flood elevation change implications.
 - Response to inquiries and additional review of drainage engineering for site at 29 Gammons Road – a potential permit application that was avoided, but also involved a concerned abutter, and required work to draft a letter of Stormwater Agent review comments concerning site drainage issues and proposed mitigation for the affected stretch of Gammons Road.
 - Consulting review of two sites where developers were trying to avoid an Administrative Review permit.
 - Research and response (by email) to an inquiry from Noel Collins (of Stormwater Advisory Committee) concerning his question on Treats Pond flooding and drainage issues.
- Attended Selectmen's meeting (July 2010) and assisted with Stormwater Bylaw program report, including memorandum with table and GIS map as summary of Stormwater Bylaw activity over the past year and since bylaw adoption
- Attended other meetings with Town officials regarding program management and Town questions.
- Received and returned phone calls and emails with Commission Chair and members to discuss various program management issues, including hearing date extensions, and status of projects.
- Reviewed Building Department permits and/or application logs for Stormwater Bylaw applicability.
- Reviewed and scanned to project files various permit application files obtained from the Cohasset Conservation Commission office, and check history and status of said applicants' requests, if any, for Certificates of Compliance.
- Finalized and issued letters by certified mail to multiple (21) permit holders to request Certificates of Compliance per the Bylaw & regulations (per Commission request).

We would also like to thank our agent Paul Shea and Nancy Noonan the Conservation Commission Administrative Assistant for all of their guidance during this busy year. We feel privileged to have their knowledge and support.

ACCREDITATION

Accreditation is a self initiated outside assessment of our police department by professionals to ensure compliance with standards by which to ensure the highest level of service for our residents.

The department continues to work towards accreditation. To date, approximately 75% of the work has been completed for certification. Once certification is complete, accreditation will follow. All of the department's standard operating procedures (SOP's) are in the process of a total revamp. SOP's having to do with firearms licensing and evidence storage have already been changed.

DEPARTMENT TRAINING

- All police sergeants have now attended the state mandated (80) hour training program for police supervisors.

- A police officer has been certified as a CPR and 1st responder instructor. This will enable the department to conduct in-service medical training without having to send officers to the Plymouth Police Academy on overtime. Training will be accomplished at roll call during the officer's regular shift.
- A 2nd firearms instructor has been trained and certified. In past years, Cohasset would hire a Scituate Police Officer on overtime to assist in training officers at the Boston Police firing range. Now, with a 2nd in-house trainer, Cohasset will have the ability to utilize the Plymouth County Sheriff's Department's mobile firearms training trailer. This trailer, which is over (40) feet in length, is a self contained firing range that can be used to supplement regular firearms training and reduce the need for officers to travel to distant firing ranges.
- Several members of the department received updated "active shooter" training. This two-day course prepares personnel to deal with incidents such as school shootings and armed robberies. We are working towards all officers in the department having consistent training with regard to "active shooter" situations.
- The state and local police departments continue to evaluate the feasibility of on-line based in-service training.

COMMUNITY OUTREACH

- Officers continuing with visits to Cohasset High School law classes
- Visits to the Recreation Department summer camps
- Bike safety rodeo sponsored by the School Department
- Police booth at the Cohasset Board of Health's health fair
- Visits to the Rotary Club for question and answer sessions
- Breakfast with the "Old Goats" club
- Cookout with elderly residents sponsored by police union
- Home visits with elderly "shut-ins" during heat waves
- Cohasset Village "walk and talks" on each shift
- Police Explorer Post 383 and "adopt a senior program"
- Police Community Liaison Board (PCLB)
- Cohasset Day booth

GRANTS

- Programmed and distributed 14-top tier police portable radios that were received via a homeland security grant. Value of the radios in excess of \$70,000.
- Applied for and received an E-911 grant for reimbursement of dispatch overtime. \$21,932.
- EOPS Traffic Safety Grant \$3,600
- Dispatch Equipment Grant. Dispatch computers, \$2,270
- Dispatch Training Grant, \$7,000

2010 ANNUAL REPORT
DEPARTMENT OF PUBLIC WORKS

GENERAL:

The Department of Public Works is a town service organization responsible for providing essential services for the citizens of Cohasset. Services provided by this department include construction, maintenance and repair of streets, sidewalks and storm drainage systems; maintenance and repair of vehicles and equipment; maintenance of parks, cemeteries, athletic fields and off-street parking facilities; the transfer of public refuse and recyclables; snow removal and ice control; maintenance and/or removal of town owned trees; filling and maintenance of the fuel tanks.

In addition to providing routine maintenance throughout the year, the following projects were completed by or under the direction of the DPW during the last year:

Rebuilt or repaired 24 catch basins.

Cleaned 640 catch basins with the truck basin cleaner and 70 by hand.

Dug out the flapper on Atlantic Avenue 45 times to alleviate flooding.

Rebuilt or replaced 100' of fences.

Repaired or replaced berms, aprons and sidewalks at various locations.

Replaced or repaired 43 traffic and street signs and devices. Replaced 80 "STOP" signs to be in compliance with new Federal Regulations.

In an effort to control algae in Little Harbor, we opened and closed the cat dam gates each month from April to December. Nine times as requested and two times for maintenance.

Transferred 1,601 tons of solid waste and 752 tons of C&D. Recycled 512 tons of mixed paper products, 115 tons of scrap metals and cans, 61 tons of plastics, 148 tons of glass and 750 gallons of waste oil. Over 300 ton of leaves and brush were processed which produced 200 ton of compost material that was free to residents. Most recyclable totals increased with the exceptions of metal and paper products. Overall the town's recycling rate is among the highest in the state. This is something all residents can be proud of due to their recycling habits.

Cleaned and adjusted the self-regulating tidal gate twice a year as required.

Plowed and/or sanded 41 times.

Removed various dead or diseased trees and planted new trees and shrubs throughout the town.

Conducted and recorded 42 internments at the various town owned cemeteries.

Held 6 paint collection and brush days for residential brush chipping.

Coordinated Little Harbor paving and drainage with SSRSC.

Paved sections of Sohier, Beechwood and Pond Streets using Chapter 90 State Funding.

Coordinated with the towns' of Hull and Hingham on the Straits Pond Project.

Assisted with site work for the Jacobs Meadow Outfall Project.

Assisted Town Manager with HM Grant proposal for Jerusalem Road @ Bow Street.

Prepared \$1.385 million Annual Operating Budget and \$75,000 Capital Improvement Program for Fiscal Year 2011.

The Department of Public Works would like to extend our appreciation to all town employees, boards and committees for their continued assistance and support during the past year.

Sewer Commission 2010 Annual Report

During 2010, the Little Harbor/Atlantic Avenue and Deep Run/Rust Way sewer expansion projects progressed with the authorization of service connections and the commencement of private sewer service installation work. In addition, final paving operations continued with some delays attributed to allowing gas line upgrading and some miscellaneous drainage improvements to be completed first so as not to disturb new pavement. Completion of the remaining paving elements is anticipated for the Spring 2011 construction season.

The treatment plant, with the new GE membranes, continued to perform very well and the High Flow emergency procedures were successfully tested during a spring storm. The Sewer Commission re-assessed its wastewater system operation strategy in 2010 and decided to competitively bid the Operational Services for the treatment plant. The primary reason was the need to get a more favorable operations contract for the town. United Water was chosen to replace Veolia, N.A. as the Sewer Department contract operator.

The Sewer Commission also began a campaign to replace leaky sewer services through its Infiltration and Inflow (I/I) Elimination program. Several services around the Jacob's Meadow and Harbor area were video camera inspected to check pipe condition and degree and location of defects, especially in flood prone areas where wet weather impacts have been most pronounced. Four services were replaced in 2010 with pressure class pipe and at least a dozen more are anticipated for 2011. The new contract operator also has a new obligation in their contract to clean and video inspect main line piping, which would also commence in 2011, helping to detect additional I/I influences.

The Sewer Commission issued betterments for the Little Harbor Sewer Expansion project in accordance with the Town Meeting project approvals. 100% of the construction costs associated with the expansion was allocated to residents at a cost of about \$28,000 per Equivalent Dwelling Unit (EDU). By the end of 2010, the first full construction season after project completion, over 170 service connection applications had been filed with the Commission, representing about 35% of the anticipated new users. With two more construction seasons anticipated for sewer service construction (2011 and 2012) the connection process appears to be on track. The Commission anticipates having another Public Information mailing sent to residents in early 2011 to advise future users of the obligation to connect under the terms of the Second Amended Final Judgment with the State. To facilitate the connection process, the Sewer Commission has approved additional licensed Drain Layers for private residential connections. All Drain Layers were also trained by the E-One Grinder Pump manufacturer representatives. The Commission also established a manufacturer start-up program and town sewer service pressure testing program to ensure the quality of the installation for new users.

A flow meter has been activated in the North Cohasset Sewer District to monitor flows in the main low pressure sewer connection to Hull. Current flow data continues to be tracked as the new Deep Run and Rust Way expansion services are being connected. Quarterly reports of flow

conditions began in 2010 and will continue to be issued to Hingham and Hull as the connection process continues. Our special thanks to Diane Hindley for her professional support and constantly cheerful demeanor in her ever-changing and growing job as our Administrative Assistant.

REPORT OF THE COHASSET HISTORICAL COMMISSION - 2010

The Cohasset Historical Commission submits with pleasure the annual report of projects worked on during 2010 for the Town of Cohasset.

“Local Historical Commissions are an important part of municipal government in Massachusetts. We are responsible for community-wide historic preservation planning. Historical Commissions advise elected officials and other boards on historic preservation issues, including zoning changes, the re-use of municipally owned historic buildings, and master planning or preservations of historic landscapes.” (from Massachusetts Historical Commission by-laws summary sheet). This is different from the Cohasset Historical Society, a local non-profit society, whose mission is to preserve the history of Cohasset.

National Register of Historic Places - The following properties and districts in Cohasset are listed on the National Register of Historic Places.

- Caleb Lothrop House, Summer Street (1976)
- Government Island Historic District, Lighthouse Lane (1994)
- Cohasset Common Historic District (1978, 1996)
- Josephine M Hagerty House, Atlantic Avenue (1997)
- Central Cemetery, Joy Place (2003)
- Bates Ship Chandlery/Maritime Museum, Elm Street (2003)
- Captain John Wilson House, Elm Street (2003)
- Pratt Building, South Main Street (2006)

Many other properties in town are eligible to be listed on the National Register, either individually or as part of a Historical District.

Inventory Forms- Over 2100 historical properties in Cohasset have been inventoried and forms placed on file with the Massachusetts Historical Commission. Properties from the late 1600's through the mid 1900's are listed. All inventory listings can be accessed online through the Massachusetts Historical Commission website and going to “Search the MACRIS Database.” Copies of the inventory forms are also available at the Paul Pratt Library and at the Historical Society's Pratt Building. We give special thanks to David Wadsworth for his time and effort in keeping these files up to date. He is always finding more areas of town which can be inventoried.

“State or federally involved” projects - We receive communication concerning any state projects which may impact a historic area. We were asked to review the plans for the Pilgrim Bank’s move to the old Cohasset Hardware Store. The Bank is very conscious about keeping the historic integrity of the downtown area and we are pleased with their plans.

Local Involvement –

1. First Parish House Steeple- The First Parish church was approached by T-Mobile to put an antenna into the spire of the church. As this is the focal point of the National Register Cohasset Common Historic District, we researched the issue and spoke with the Cohasset Common Historic District Commission, the Historical Society and other interested parties. We expressed our concerns on putting a vinyl spire onto a mid-1700 building and the impact it might have. The Massachusetts Historical Commission granted the church permission to make the change with certain provisions that the Cohasset Common Historic District Commission had asked for.

2. Government Island National Register site. This year, 2010, celebrated the 150th anniversary of the lighting of the granite Minot’s Ledge Lighthouse. The Historical Commission has a vested interest in Government Island and wants to keep this property historically correct. Thanks to the DPW, the area is cleared of weeds and mowed. We are working on signage for the site and at the Minot’s Ledge Light Replica. We also are looking to develop signage to emphasize the historic significance of Beacon Rock.

3. During the Cohasset Day, we sold “1-4-3” Minot Light T-shirts, sweatshirts, license plates and tote bags. We have inventory in both youth and adult sizes. We are revitalizing this project as the proceeds from these sales are used towards work on Historical Commission projects..

4. Meeting House Pond – The Commission met with the proponents for the restoration of the Meeting House Pond, which is part of the Cohasset Common National Historic District., to go over the signage which will be at the site.

5. Community Preservation Committee - A portion of the CPA funds are allocated for historic preservation and a member of our Commission sits on the Community Preservation Committee. Although it is not mandated that the Historical Commission review proposals before they go to the CPC, we feel strongly that in order to help maintain the historic integrity of this town, we need to be involved.

As the town goes forward, Cohasset Historical Commission feels strongly that we need to be involved with the long-range planning of our very historic and picturesque town. In order to look and plan for the future it is necessary to study the past and know where we are coming from.

We thank the various town departments and committees that have helped and supported our goals. The Commission meets each month except during July and August. Meeting schedules are posted on at Town Clerk's office at Town Hall.

Respectfully Submitted,
Rebecca Bates-McArthur, Chairman
David Wadsworth, Secretary

2010 Report for the Committee on Town History

A History-

By vote of town meeting in the mid1990's, a committee was established to publish the town's third narrative history spanning the time frame from 1950 to 2000.

This history titled *Narrative History of Cohasset Volume III* by Jacqueline Dormitzer was published in 2001.

Because of the town's support of the project and town subsidies, the committee went on to republish the previous out-of-print narrative histories, two Dormitzer anthologies, and a Dormitzer guide book of the town--a total of six titles.

A sub-committee was also formed to provide the Cohasset schools with historical time lines, a curriculum, and enlarged maps of the town.

The books are sold at wholesale prices to the Cohasset Historical Society, Buttonwood Books, and are available at the clerk's office. The guide book is available at Barnes and Noble in Hingham and Fleming's in Cohasset.

All expenditures are covered by our book account as promised to the past boards of selectmen. Our committee does not have to come before town meeting for additional subsidies in that the revenues from sales will be used to reprint whichever title needs reprinting, The five titles published after Volume III was printed were paid for from the sales we generated as well as the remainder of the original subsidy.

Respectfully submitted,

Jim Hamilton, Chair, Committee on Town History

Annual Report of the Paul Pratt Memorial Library, 2010

The activities at the Paul Pratt Memorial Library continued to grow and change with the times in FY2010. We circulated over 139,000 items last year, 6% of which were checked out by patrons using our self-checkout station. We expanded our resources to include more access to electronic sources, many of which are available from our web site. Our public computer terminals are more popular than ever (23,556 sessions), and the hits on our website (cohassetlibrary.org) reached 2.13 million, up 36% in the past year.

The Children's Program, under the leadership of Children's Librarian Sharon Moody, continues to attract large numbers; attendance at the 135 story hours, programs and reading groups was up 9% from last year. For adults, we sponsored 53 events, administered by Reference Librarian Gayle Walsh, including films, author talks and book discussion groups. The Friends of the Cohasset Library, chaired by Carolyn Coffey, funded and assisted in staffing most of these efforts, plus those related to our fourth town wide reading program, "Cohasset Reads Together." The Friends also funded the second season of the very successful weekly homework center (helping almost 700 students), the library's senior citizen outreach and museum passes. They also continue to maintain the beautiful garden that they planted in the island of the parking lot.

The Cohasset Library Trust, Inc., established to manage and grow the library's endowment, added almost \$100,000 this year. This included \$30,000 of unsolicited gifts and the profit on a sold-out evening with author Tracy Kidder, celebrating the 2009 gift from the South Shore Music Circus. The endowment weathered the financial downturn in excellent shape, due in part to timely changes in portfolio allocations. At the annual meeting in May, Sarah Pease was elected the new president.

We were pleased to receive several grants this year. The Social Service League awarded the library \$10,000 for its FY2011 Next Chapter program, which will teach participants how to use technology for work, research, marketing, communication and social networking. The library continues to benefit from the generosity of the South Shore Music Circus. In FY2010, SSMC gave the library \$5,000 to be put toward the purchase of a second self-checkout station for the Children's Room. The Net Lender grant was one again awarded to our library, because we loaned more materials than we borrowed. This will be the last of these grants, due to drastic cuts in the Commonwealth's budget.

While we were forced to close on Sundays due to budget constraints, our Director and staff continue to provide an environment that promotes reading, learning and community activities six days a week. We thank the town and our loyal patrons for their support.

Report of the Recreation Commission

It is with distinct pleasure that we report the 2010 activities of the Recreation Commission to residents.

On July 1st, 2010, Jenna McCarthy was hired to replace Michael J. Barra by Town Manager William Griffin as the Department's Recreation Assistant.

The commission and department appreciated and applauded the efforts of Mike in his short time here. His technology talents helped transform the department and his supervisory skills made the Summer Xtreme program a model program in the South Shore.

The department was fortunate to be able to employ Jenna to replace Mike as she brings with her years of experience working for our neighbor, Scituate Recreation. Jenna furthermore brings a vast knowledge of the area and very strong office technical skills that have greatly enhanced the department.

We offer a fully functional website, (www.cohassetrec.com) that allows on-line registrations which are of benefit to all participants who may register or need to find information on all of our programs from home, anytime night or day. From July 1st 2009, thru June 30, 2010, \$116,165.00 was transacted via on-line 'credit card' registrations. Based on greater familiarity of residents relative to online registrations, we would anticipate the dollar amount to grow each year.

We conducted our second annual Recreation Fair on Sunday, March 21, 2010. The Recreation Fair brings together under one roof, a variety of public and private recreational opportunities and services that are available to Cohasset residents and allows residents to speak directly to the providers of those services. Further, residents are able to register that day for summer recreation programs that the department will offer. The Massachusetts Recreation and Park Association honored the Cohasset Recreation Department with the Community Outreach Award for our Recreation Fair. The award is given for a "program over and above regular programming that demonstrates a benefit to the community". The 3rd Annual Recreation Fair will be held on Sunday, March 20th, 2011 at the Deer Hill School.

The old Teen Garage is now a fully programmed Recreation Center from which a multitude of Recreation Department programs are conducted on a year round basis. Dances and private parties continue to be held at the Center and rental of the facility remains available.

The South Shore Vocational Technical High School project to replace the antiquated heating system with a full HVAC system was finished and allows us to save money, offer more programs at the site and saved the town \$10,000 in labor. Special thanks to Ken Thayer, Cohasset Representative to the SSVT School Committee, Scott Anderson from Anderson Fuel, Howie Mekler from Cohasset Plumbing and Heating, James Clark Electric, Glenn Pratt from Suburban Contract Cleaning and of course the teachers and students from South Shore Vocational High School.

Recreation is a very dynamic discipline and meeting the ever changing needs of residents of all ages, a challenge. To this end, we offered a number of new services this year including Body Conditioning programs, Strong Kids, Hershey Track and Field Day, dance classes, guitar lessons, theater, and lego programs to go along with our popular Summer Xtreme and Playground Program, trips to Red Sox games, New York City trips, piano lessons, SAT instruction, CPR classes, and expanded Coast Guard Boating Safety programs and babysitting training.

Our summer concerts on the common series continued to grow this summer and via the continuing generosity of the South Shore Playhouse Associates and in part from the Cohasset Cultural Council, a local agency which is supported by the Massachusetts Cultural Council, a state agency, we were able to offer 7 concerts during the summer of 2010. Concerts performed by a variety of bands are on Thursday nights after the Farmer's Market and we are also indebted to the following residents and organizations for their contributions to the concert series: Jim Richardson of MKR Building Solutions, Golden Living Center, Farmers Market, and the McMorris Family.

November was a busy month for the Department as we hosted the Department's second annual Used Sports Sale and cosponsored the Thanks-for-giving road race. The Used Sports Sale gave residents the chance to recycle used equipment and or purchase items such as skates and skis. The proceeds benefited the Recreation Center. In conjunction with the Clark Chatterton Memorial Fund Committee the Department organized the Thanksgiving Morning 5 k Road Race for the second year. 360 runners registered for the race and it was a highly successful run with over 100 more runners from 2009. Special thanks go out to our sponsors and volunteers.

While Department budget restrictions continue and have become even more curtailing, we are utilizing our Revolving Account Fund for 100% Self-Supporting services to the maximum. Use of this Fund not only accounts for all the cost of providing a particular program, but also contributes a portion of revenue back to the tax payers via deposits in the General Fund of the Town.

During Fiscal Year 2010, starting July 1, 2009 through June 30, 2010 the Recreation Commission produced for the General Fund \$92,479.55. Over \$12,000.00 was produced for use by the Commission via grants and matching grant funds and donations. Concurrently, over \$85,000.00 was transacted via Revolving Account Funds for 100% Self-Supporting programs via fees charged participants for a variety of services. Approximately another \$120,000.00 was transacted via other and direct self-supporting financial systems during F.Y. 2010, manifesting over \$300,000.00 of recreational services to residents. These figures do not include the thousands of man-hours that are annually donated by hundreds of residents, in support of a variety of program operations.

Municipal recreation is for the benefit of all residents and we continue to direct our efforts towards assurance of equal access and opportunity to the entire Community. To this end, a specific and calculated portion of revenue was not collected this year from residents who were temporarily unable to pay full fee charges for services. We are indebted to the Cohasset Social Service League for their generous donation and underwriting the fees for those less fortunate.

Programming represents only one aspect of the responsibilities, duties, and functions as prescribed and conferred upon the Recreation Commission by both Massachusetts General Laws and By-Laws of the Town. Continuing efforts are focused upon field permitting, scheduling, upgrading and renovating existing outdoor recreational facilities under jurisdiction of the Commission. Often times these undertakings are coordinated via a lending of both public and privately solicited resources and efforts, easing taxpayers' burden.

The seven member, elected board of the Recreation Commissioner's, volunteer their services to the Town and Department meeting regularly in order to discuss a wide-spectrum of topics relative to the leisure needs and pursuits of all residents. Further, the Commissioner's establish policy, and provide Departmental direction, support, and assistance. Each meeting is publicly posted and residents are cordially invited to attend and participate in any meeting. Essential to our proper function, and absolutely vital towards success, is the ability to remain responsive to the dynamic Community needs. We consider your input and feedback our most important source of guidance.

The Recreation Commission wishes to acknowledge gratitude to the many individuals, civic and business organizations, school and sport's groups, Town Boards, Committees and Departments who have lent their support and assistance in our efforts to best serve the recreational and leisure needs of residents of all ages. While too numerous to mention each by name, none are forgotten and all are sincerely appreciated and thanked.

Respectfully yours,
James H. Richardson, Chairman

SOUTH SHORE REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

2010 COHASSET TOWN REPORT

During the 2010 year, the students of the South Shore Regional Vocational Technical School continue to prosper as productive citizens in their community upon graduation. Over the past fifty years, South Shore students have been known for their keen sense of and attitude towards work ethics. As changing demands continue to be placed before our students, it is the duty of South Shore to provide the best possible vocational education to our students.

On June 11, 2010, 2 graduates from Cohasset received diplomas and shop certificates at the South Shore Music Circus. The following students graduated:

Todd Emanuello

John Plante

Currently, 0 students from the Town of Cohasset are scheduled to graduate on June 10, 2011.

During this upcoming summer, construction work for our new roof and window replacement will take place. Recently, a contract was signed with Mill City Construction Inc. from Lincoln, Rhode Island. Upon completion of this estimated three million dollar renovation, we can be assured that this facility will increase its life expectancy for many years to come. This renovation project could not have taken place without the positive approval last year, unanimously, from our eight community members and the support of the Massachusetts School Building Authority.

The South Shore School District is represented by eight appointed School Committee members from each town's Selectmen's office:

Gerald Blake, Chairman – Rockland

John Manning, Vice Chairman – Scituate

Robert Heywood – Hanover

Daniel Salvucci – Whitman

Lenwood Thompson – Abington

Robert Molla – Norwell

James Rodick – Hanson

Kenneth Thayer – Cohasset

In closing, I would like to say thank you to the residents of Cohasset who continue to support the mission of vocational education, and especially wish good luck in the future to our Superintendent, Mr. Charles D. Homer, who will be retiring this June.

Respectfully submitted,
Kenneth E. Thayer
Town Representative
South Shore Regional School District Committee

**Annual Town Report
2010
Cohasset Public Schools**

“Continuing the Commitment to Excellence”

I am pleased to present to you the Annual Town Report for 2010 for the Cohasset Public Schools.

We continue to set high standards to better prepare students to take their place in an ever changing global economy. Some of the accomplishments of 2010 include:

- Cohasset High School ranked 17 out of the 50 best public high schools according to Boston Magazine this past year.
- 41 Students at Cohasset High School last year earned the College Board’s Advanced Placement Scholar Awards in recognition of their exceptional achievement on Advanced Placement exams.
- 2 New Foreign Language Labs were installed at the Cohasset Middle School and High School, through the generosity of the Cohasset Education Foundation (CEF).
- Virtual High School continues to be offered, increasing elective offerings to our students, without increasing staff. 2011-2012 will be our 5th year.
- District wide recycle program was introduced. In partnership with Waste Management, this implemented “single stream” recycling technology.
- The “Intermediate Learning Center” at Deer Hill School continues to serve our Special Education students in district.
- Laptops were replaced in portable electronic art lab at the High School.
- Thin Client PC’s (for Deer Hill and Middle School Instruction Labs) were installed. Thin Client PC’s run off 1 main PC, thereby cutting costs dramatically.
- Special Education in out of district tuition was offset by \$200,522 as a result of FY11 circuit breaker reimbursement.
- Girl’s hockey came to Cohasset in partnership with Hanover Public Schools.
- Global competence program that identifies essential skills for our increasing global society was implemented.
- STEM (Science, Technology, Engineering, Math) Lab for Joseph Osgood School was opened through the generosity of the Cohasset PSO.
- Bullying Prevention Policy/Plan was designed and implemented.
- Cohasset Athletic Hall of Fame was initiated to recognize and honor former student athletes, coaches, teams for their outstanding accomplishments and contributions to the Cohasset High School Athletic Program.
- African Percussion instruments and Orff instruments purchased for Deer Hill School music program; through the generosity of the Cohasset Education Foundation (CEF).

The school department is most appreciative of the continued fiscal support of the Cohasset community especially the generous support of PSO and CEF to expand the use of technology in the district. As the demand for 21st century skills increases for our graduates, community support is needed more than ever. Our children are the future of our community. We hope to continue to partner with the Cohasset community to meet the educational needs of the Cohasset school community as we accomplish our mission together to *“continue the commitment to excellence.”*

Individual building reports for 2009-2010 will follow from the principal of the Joseph Osgood School, Deer Hill School, and Cohasset Middle-High School

**Annual Town Report
2010
Joseph Osgood School**

The year 2010 was a year of exciting initiatives, improved student performance, and continued professional growth for Osgood faculty and staff. Student enrollment of 429 last year increased to 444 for the 2010-2011 school year, and we were able to maintain level staffing and services. Our School Improvement Plan, developed by the Osgood School Council, included goals that reflect the district mission, *“Continuing the Commitment to Excellence.”* Goals also reflected our school mission:

The Joseph Osgood School is committed to developing socially and academically confident individuals by creating a learning environment which encompasses a research-based curriculum and district wide educational goals. Dedicated teachers, well-trained staff, and supportive parents foster good citizenship, ethical and responsible behavior, and global awareness.

In accordance with our mission, a strong partnership between home and school that included the support of our Parent School Organization (PSO) and Cohasset Education Foundation (CEF), contributed to the achievement of school goals and marked school improvement. One of our greatest accomplishments was the creation of a STEM Lab (Science, Technology, Engineering, Math) for our primary school students. The PSO raised more than \$20,000 to increase opportunities for hands-on learning experiences utilizing technology. The Osgood lab is equipped with a SMART Board, SMART Table, document camera, digital microscope, and multiple tools to develop scientific attitudes and skills. Research tells us that at a very young age, students can develop attitudes and skills that will guide them through future educational experiences that require problem solving and critical thinking. Students have enjoyed weekly visits to the STEM Lab where they have participated in engaging, challenging, and highly motivating activities. Many of our parents have been invited to support learning in the lab by helping teachers to facilitate learning stations.

Students still enjoy the benefits of our computer lab that was donated by the CEF. In addition to accessing online tools that support curriculum programs, students enjoyed independent and group projects that developed beginning research skills. All students in grades one and two created PowerPoint presentations for parents that integrated content knowledge with technology in the areas of science and social studies. In the classroom, teachers integrated technology using Web 2.0 tools for engaging and challenging students and for communicating, creating, and collaborating.

Other technology tools used in the lab and classrooms to enhance curriculum included Everyday Math online games, Scott Foresman assessments and phonemic awareness games and activities, Scott Foresman Leveled Readers, Achieve Now PSP adventures, and the Safari Montage video library.

Teachers continued to develop strategies for integrating 21st century skills in classroom practices through professional development activities. Activities focused on Global Education, Life Science, Physical Science, Earth Science, Space, and Technology and Engineering. Our grade two team participated in a year-long math course, Achieving Math Power, and the 6 + 1 Traits of Writing Program was another area of focus along with Leadership/Assessment Team Data Analysis and Standards-Based Progress Report Implementation. A revised Bullying Policy and Prevention and Intervention Plan were developed thanks to the collaboration of the school community, and all school staff participated in Bullying Prevention and Intervention Training in accordance with the new legislation. Additionally, Osgood staff members worked towards aligning Second Step Curriculum lessons with the new plan.

The Osgood preschool and kindergarten programs having been working towards NAEYC (National Association for the Education of Young Children) Accreditation, which is a comprehensive improvement process that focuses on program quality. The preschool and kindergarten teams met regularly throughout the year to document evidence of how each of 10 program standards and more than 400 criteria are met. Teachers will demonstrate to a visiting NAEYC team in the spring of 2011 policies, procedures, and practices in the following areas: Designing Enriched Learning Experiences, Creating Caring Communities for Learning, Using time, Grouping, and Routines to Achieve Learning Goals, Responding to Children's Interests and Needs, Making Learning Meaningful for All Children, and Using Instruction to Deepen Children's Understanding and Build their Skills and Knowledge. The Accreditation Process will assist our school team in identifying our program's areas of strengths and needs for continuous improvement.

The year brought significant overall improvement in Grade 2 Stanford Achievement Test scores, especially in the areas of Language and Math. We have also noted significant improvement in DIBELS scores. The DIBELS screening assesses core components of early reading such as Phonemic Awareness, the Alphabetic Principle, and Accuracy and Fluency. For example, in 2007, 68% of kindergartners met the end-of-year benchmark in Phoneme Segmentation Fluency and in 2010, 98% of kindergartners met the end-of-year benchmark. In grade one, for the same measure of phonemic awareness, 93% of students met the end-of year benchmark in 2007, and 100% met the benchmark in 2010. Improving Oral Reading Fluency in Grade 2 has been a goal and a focus of instruction. In 2007, 75% of second graders met the end-of-year benchmark in Oral Reading Fluency, and in 2010, 89% of second graders met the benchmark.

The Osgood School continued to enjoy traditional school events that brought families together and fostered positive home, school, and community relationships. Make a Difference Day, Book Fairs, the Holiday Concert, Science and Math Night, May Arts Night, the Arbor Day Concert, and Snapper Sneaker Day were highlights of the school year and were very successful thanks to the support and collaboration of staff and parents. Curriculum enrichment activities were also enjoyed by all thanks to the fundraising efforts of the PSO. Parents and teachers worked together to plan programs that enhanced the curriculum and provided extended learning

opportunities for students. Curriculum enrichment included activities on our own Nature Trail where students studied plants and animal habitats with an Audubon naturalist.

We are grateful to Superintendent Dr. Denise Walsh, members of the School Committee, our parents, and members of the community at large for their continued support of our school and our programs. This support has resulted in measurable school improvement and meaningful learning experiences for all!

**Annual Town Report
2010
Deer Hill School**

As the year 2011 begins, members of the Deer Hill community look forward to another year of academic engagement, rigor, and relevance, as well as strengthened ties to our community. Our October enrollment, as of October 1, 2010, was 381 students, an increase of just 2 students from the October report from 2009. As of January, 2011, class sizes range from 22 to 25 students, with our largest cohort being our fourth grade, with 149 students.

In June, Ms. Amelia Roche, third grade teacher, returned to her native New Jersey to rejoin her family. In September, we welcomed Mrs. Maika Massari to the third grade team. We also welcomed Mrs. Danielle Kent as our new special education teacher in the fourth grade. Mrs. Karen Murphy, our school nurse, retired in June after 23 years of dedicated service. We were fortunate to welcome Mrs. Mary Mastromarino to take her place. In December of 2010 we were heartbroken when Mrs. Jacky Kurtz, our highly esteemed instructional aide and dear friend, passed away after her battle with cancer.

With the support of our school community, teaching and support staff at Deer Hill School have enjoyed continuing our commitment to excellence through improved rigor, relevance, and relationships. Our English Language Arts program has benefited from a second year of implementation of coordinated, research based practices in word study – namely vocabulary and spelling. We had a great deal of fun participating in the Annual Readathon, sponsored by our Deer Hill PSO. Every classroom received the book “Give a Goat” by Jan West Schrock, courtesy of the Friends of the Cohasset Library, the theme of which was consistent with the Cohasset Reads Together theme for 2010 - demonstrating compassion and community service. Our mathematics program has been enhanced by a new supplementary program for our fifth graders entitled “Hands on Equations.” This program effectively demystifies the process of balancing and reducing equations that include variables – a highly challenging task for many of our 5th graders!

Our assessment programs have given us valuable information regarding the academic achievement of our students. As a district, we met our Adequate Yearly Progress (“AYP”) for spring, 2010, and, as a school, our aggregate population achieved our AYP target. (Our special education subgroup did not make AYP this year.) In 2010, once again Deer Hill MCAS scores were above state average in all three grade levels in all content areas. In grade three, 2010 scores reported 80% in Above Proficient or Proficient in Reading and in Mathematics, 89% were either Advanced or Proficient. In grade four, 74% of students scored in the Advanced or Proficient range and 59% of the students scored in either Advanced or Proficient in Mathematics. In grade five, 78% of students scored in the Advanced or Proficient category in ELA, 78% in Mathematics, and 79% in Science and Technology. These scores help us to understand the relative strengths and weaknesses of our instructional programs, while providing information regarding individual student growth profiles.

An important accomplishment this year was the district-wide Bullying Prevention Plan and Policy. These documents, based on our existing bullying prevention plan and policy, clearly delineate our school's process for responding to bullying and educating our students to prevent it from happening in the first place. The plan was developed in the fall of 2010 with input from teachers, counselors, administrators, and the district's legal counsel. We are currently in our fourth year of implementing the Steps to Respect Bullying Prevention Curriculum which builds on the Second Step Pro-Social Skills curriculum implemented for grades K – 2 at the Osgood School. Our Plan and Policy was approved by the Cohasset School Committee in December, 2010, and was submitted on schedule to the Massachusetts Department of Elementary and Secondary Education.

Our EMC³ program continues and seems to get better every year. This schoolwide enrichment model, based on the research surrounding gifted and talented education, allows all students to select an area of enrichment and engage in interest based inquiry for one period a week, often in multigrade classes. Popular new classes this year included the Stock Market Game, Documentary, Fantasy Football Teams, Chess, and Cooking. Our Character Education Program has emphasized the character traits of Self-Reliance, Perseverance, Empathy, and Respect this year.

We are looking forward to upgrading our technology! Thanks to very generous grand funding from the Cohasset Education Foundation, ("CEF"), the Deer Hill School will acquire a set of LED computer "notebooks" that will act as a mobile computer lab!

Deer Hill students benefited greatly again this year from a wide variety of enrichment programs, sponsored by the Deer Hill Parent Student Organization ("PSO"). David Zucker entertained all students with "Poetry in Motion", Tom Walhe of Techsplorations presented the scientific phenomenon of electricity to the whole school and then followed up with individual workshops for each 5th grade class. The Museum of Science brought its traveling Star Lab to our very own gymnasium! Ben Franklin and Abigail Adams stopped by for a visit and discussion; the Boston Museum of Science presented its engaging program entitled Wind, Weather, and Temperature. Astronaut and U.S. Navy Captain Steven Bowen, who grew up in

Cohasset, visited our school on December 7th to present a slide show of the space shuttle and the voyage that he and other astronauts made to the International Space Center in May of 2010. (Our students were so impressed with Captain Bowen and learned so much about the space program.) Valerie Tutson, a well known story teller, visited our fourth grade once again to share in a highly engaging way her stories from around the world, with an emphasis on African traditions. Our students saw a life-size version of the Tanglewood Marionettes – Perseus and Medusa – just as they were completing their unit on Mythology. Finally, our students had the opportunity to see a program from the Museum of Science entitled “Animal Adaptations” and a program from Bay Colony Educators entitled “Life in Colonial America.” All of these programs have been carefully researched by teachers and parents for their quality of presentation as well as their connection to our curriculum.

We continued to enjoy our favorite traditions – the Favorites Arts Night, Spring and Winter Concerts, 5th grade Promotion Ceremony, Veteran’s Day Ceremony, and the Annual Field Day, to name a few. We are excited to begin a new tradition this month – an assembly to honor our commitment to a bully-free environment – “Deer Hill Cares” – with a special tribute to Martin Luther King, Jr.

Finally, our courtyard was given a face lift this fall by the Junior Gardeners, under the leadership of the Cohasset Community Garden Club. The right side was weeded and new plants were planted under the apple tree. The left side was cleaned out and bulbs were planted for the spring. In the place where the birch tree was before it had to come down is a newly planted Stellar Pink Rutgers Dogwood tree, donated by Chris Kennedy of Kennedy’s Country Gardens in Scituate! Every Junior Gardener had a hand in the planting of this beautiful tree, which will bloom in mid-summer, followed by dark green leaves in the summer, and stunning burgundy foliage in the fall. On School Spirit Day in October, many students and parents volunteered to help plant new daffodils along the front driveway – we now have over 80 daffodils planted in this area!

Looking forward, we are reminded of our most important task – to ensure that our students are well on their way to becoming successful graduates – whether it means embarking on their careers or their college education or both. We are committed to making sure that, as our students get older, their choices increase in number, their horizons grow bigger, their interest grows deeper, and they are empowered to take advantage of all opportunities available to them in the 21st century. On behalf of the students and staff of Deer Hill School, we are grateful to our school community and the Town of Cohasset for supporting us in this important task.

**Annual Town Report
2010
Cohasset Middle-High School**

Cohasset Middle-High School experienced a number of accomplishments in 2010. The accomplishments included academic successes for our students, as well as high levels of participation and achievement in co-curricular activities, which led to a top 20 ranking of Massachusetts High Schools by *Boston Magazine*. The staff, however, continued to focus on curriculum review and renewal that included an emphasis on the 21st century skills necessary for our students to remain competitive, data analysis for improved student achievement, professional development to better meet the academic needs of all students, and worked to implement a school-wide advisory program to further support students' personal growth and development.

Throughout 2010, our students continued to distinguish themselves academically. Cohasset High School was recognized as one of the top performers in the state for the percentage of students who scored advanced or proficient on our grade 10 MCAS scores for English language arts and mathematics. CHS was further recognized as a top performer in the state and the nation for the number of students who participated in Advanced Placement (AP) courses. The school offered credit in ten different Advanced Placement electives, plus two additional courses offered through our partnership with Virtual High School, which enabled an AP enrollment of 133 students taking 226 tests in May of 2010. Results on these AP exams demonstrate the preparation and success of the students who participated with 174 of the exams (approximately 78%) were graded to be eligible for college credit.

All 90 members of the Class of 2010 earned competency determinations according to Department of Education standards, with 64 students recognized as eligible for Stanley Z. Koplik Certificate of Mastery Award, and 25 members of the class were recognized as John and Abigail Adams Scholarship Award recipients. Ten members of the graduating class were recognized as Distinguished Scholars based on the highly competitive nationally recognized Advanced Placement test results, and were joined by another 31 students in grades 11 and 12 who earned AP Scholar or AP Scholar with Honor status. Thirty six graduates were members of the National Honor Society. Our SAT scores remained highly competitive, supporting 94% of the graduating class who enrolled in various public and private four-year colleges and another 4% who chose to attend two-year college or preparatory school for a total of 98% of the Class of 2010 continuing to further their education in some capacity.

Our students distinguished themselves through their participation in a number of our extra-curricular activities as well, including athletics, band, chorus, drama, journalism, student council, and community service. Our programs continued to excel because of the commitment, dedication, and hard work of our students. Some examples of this include student artwork displayed in May at the South Shore Art Center, as well as the prestigious Boston Globe Scholastic Art awards recognition to Steven Maher, Carli Haggerty, Emily Bertovich, and Alexandra Leger. Additionally, Zoe Meyers, Alexandra Oremus and Maura Donohue received a Silver Key for their artwork. Reed Westcott and Alexandra Leger were selected as winners to the state-wide Census Poster Design Contest. The High School band and chorus traveled to Philadelphia in May and earned superior and excellent ratings from college and professional judges for their performance. It is a pleasure to note the success of our students as semi-finalists at the Massachusetts High School Drama Guild Festival, with their rendition of *Check Please* featuring Emily Baumgarten, Zoe Whilton, Bobby Nahill, Greta Shwachman, Tara Goodwin, Sean MacCarthy, Mark Seraikas, Ian Porter, Billy Mack, Kevin Mack, Natalie Dignam, and Anya Gruber, and the successful production of our school musical *The Wiz* featuring Meghan Burke as Dorothy.

Athletically, in the winter 2010 season the wrestling and girls' basketball teams qualified for post season tournament play. Jack Murphy surpassed 100 wins in his high school career, and was a Div. III state finalist in wrestling. Cohasset High School won its third straight league title and second Division IV State Championship in three years in girls' Basketball. In the spring the boys' and girls' lacrosse teams, boys' and girls' tennis and the baseball team qualified for post season play. Boys' tennis, baseball, and lacrosse won South Shore league titles. Tori Lehr won an individual Div. IV state title in track and field. The boys' lacrosse team earned their third state championship title in 5 years, and on the same evening in June, the baseball team won their state title for the first time. That meant three state championship teams for Cohasset High School in a single year. This past fall our boys' and girls' soccer teams and our field hockey and golf teams participated in the state tournament, with the field hockey and golf teams winning South Shore League titles. The boys' soccer team reached the south sectional final. Morgan Grasz earned top medalist honors in the South Shore League Tournament. Throughout the year a number of students earned league all-star recognition and others were recognized as Patriot Ledger All-Scholastic for their sport. Thomas Flibotte, Jack Murphy, Meredith Kelly, Jeff Cavanaro, and Brendan Doonan all earned All-Scholastic honors for their sports in the Boston Globe or Herald, with Thomas and Brendan earning further recognition as Players of the Year. Coaches John Levangie, Pete Afanasiw, and Laura Giuliano were recognized by the Globe as Coach of the Year for Girls' basketball, baseball, and field hockey respectively. Finally, the Athletic Program was recognized by the Boston Globe as runner-up for the 2010 Division IV Larry Ames Award for overall excellence in athletics.

In June the school bell rang for the last time for Betty Cisneros and Peggy Lee, who after many years of distinguished service to the Cohasset community chose to retire and enter a new and exciting stage of life. As a result, staffing changes were made throughout the summer in preparation for the new school year including 8 new teachers who come to us with outstanding skills. These new staff members join a faculty that numbers 65 teachers and 2 assistant principals to serve the student population at the Middle-High School where there are currently 347 students in the Middle School and a High School with 370 on its roster.

Teachers at Cohasset Middle-High School in 2010 continued to seek opportunities for personal and professional growth beyond the classroom. Staff members have taken on opportunities for professional growth in areas such as co-teaching, curriculum review and revisions, school safety, bully prevention education, and growth of the Peer Leadership program. Looking forward, we will explore further development and implementation of a Global Education Recognition Program, using data analysis to promote further student achievement beyond proficiency, the development of school-wide academic, civic and social expectations, the expansion of technology as a means to enhance instruction and student achievement, and continued incorporation of 21st century content and skills necessary for our students to be successful beyond high school.

COHASSET FAMILY EMERGENCY PLANNING GUIDELINES

During hurricanes, blizzards, or other disasters, you should be prepared to be self-sustaining for **24-36 hours**.

To help keep you as safe as possible, check the following and be prepared:

- Working flashlight (extra batteries)
- Portable radio (extra batteries)
- WATD, 95.9 FM, Marshfield, MA
or Cable Channel 10 for local news.
- Three (3) day supply of food and water
- Propane or charcoal for cooking
- Necessary Prescription Drugs
- Car gas tank full
- Supply of canned goods
- First aid supplies
- Fresh water in containers
- Charge any batteries you may need

If you are evacuating your home during a hurricane:

1. Turn off oil and gas burners and furnace
2. Cut off water service at meter
3. Turn off electrical power at main switch
4. Secure the house when leaving

FAMILY DISASTER PLAN

- Discuss the types of hazards that could affect your family. Know your homes vulnerability to storm surge, flooding or wind.
- Locate a safe room or the safest areas in your home for each hurricane hazard. In certain circumstances the safest areas may not be your home but within your community.
- Determine escape routes from your house and places to meet. These should be measured in tens of miles, rather than hundreds of miles.
- Have out-of-state friend as a family contact, so all of your family members have a single point of contact.
- Make a plan now for what to do with your pets if you need to evacuate.
- Post emergency telephone numbers by your phones and make sure your children know **how** and **when** to call 911.
- Stock non-perishable emergency supplies and a disaster supply kit.
- Add cell phone numbers to Connect CTY, go to Town website or call 781-353-0666.
